ORDINANCE NO. 2026-001

AN ORDINANCE AMENDING CHAPTER 2.05 OF THE COUNTY CODE RELATING TO THE MEETINGS OF THE BOARD OF COMMISSIONERS

WHEREAS, pursuant to the County Charter, the Board of County Commissioners shall prescribe rules governing its meetings and procedures;

WHEREAS, the meeting rules were most recently amended by Ordinance 2024-002; and

WHEREAS it is in the best interests of the County to update the meeting rules to reflect state law;

NOW, THEREFORE, the Board of County Commissioners of Josephine County ordains as follows:

SECTION 1: TEXT AMENDMENTS

Chapter 2.05 of the Josephine County Code (JCC) is amended as follows (language ~~stricken~~ is deleted; double underlined language is new):

* * *

§ 2.05.030. Nonroutine sessions, emergency sessions and executive sessions.

A. Emergency session and executive session meetings may be called, noticed and held as provided under the provisions of the Oregon Revised Statutes Public Meetings Laws and the Josephine County Charter.

~~B. Executive sessions for all public bodies, including the Board of County Commissioners, advisory boards and commissions, must be attended by an attorney, the Human Resources Director, and/or the property manager. No decisions can be made during the closed portion of the meeting, though the members can move toward consensus. The meeting must start with a public session during which an introduction is read prior to commencing the executive session, and must end with a public session during which the Chair provides a brief summary of each item that was discussed.~~

C. Nonroutine and Emergency Meetings. When acting in accordance with law, any Commissioner has authority to schedule nonroutine and emergency meetings of the Board of County Commissioners and of any advisory board or commission. Department heads and chairs of advisory boards and commissions have comparable authority to authorize nonroutine and emergency meetings of their public body.

~~D. News Media. "Accredited representative of the news media" means a preapproved individual who gathers news and who is formally affiliated with an institutional news media entity. In order to obtain access to executive sessions, accredited representatives of the news media may register in the office of the Board of County Commissioners.~~

~~1. Accredited representatives of the news media may attend executive sessions, except meetings involving labor negotiations and meetings involving litigation to which the media member is a party. Any representative of the news media who is also a lobbyist shall not be entitled to enter executive sessions that feature discussions which are relevant to the lobbyist's work.~~

~~2. If during an executive session the members discuss matters outside the meeting's proper scope, it is always proper for media representatives to politely call the public body's attention to the fact that it has strayed from the specified subject or subjects to be discussed in executive session.~~

~~E. Members of the news media and other persons allowed in executive session are prohibited from reporting on or disclosing any matters discussed during executive session. Any person who violates public meetings laws with intentional disregard for the law, or with willful misconduct, may be liable for a personal penalty of up to $1,000 per occurrence. Confidentiality of executive session discussions may be waived only by majority vote of the Board of Commissioners.~~

SECTION 2: SEVERABILITY

Should any section or provision of this ordinance be declared by a court or tribunal of competent jurisdiction to be invalid, that decision shall not affect the validity of the ordinance as a whole or any part thereof, other than the part so declared to be invalid.

SECTION 3: AFFIRMATION

Except as specifically amended by the provisions of this ordinance, the Josephine County Code, as previously adopted and amended, is hereby affirmed.

SECTION 4: EFFECTIVE DATE

First reading by the Board of County Commissioners the _____ day of ____________________, 2026. Second reading and adoption by the Board of County Commissioners at least thirteen (13) days from the first reading, this_____ day of ____________________, 2026. A-07: Advisory Bodies

A. Purpose

The Board of County Commissioners administer and govern a wide spectrum of services to our citizens. The Board of County Commissioners finds that citizens can be a valuable resource for gaining a better understanding of services. The purpose in establishing advisory bodies is to provide the Board of County Commissioners with knowledgeable insight and recommendations. This policy does not address appointed bodies with statutory or other legal decision-making authority such as the Fair Board, or multi- agency appointed bodies, or districts for which the County Commissioners constitute the governing body.

B. General Policy

1. The Board of County Commissioners may create or dissolve advisory bodies based on its own initiative or on recommendations from staff, citizens or other sources, unless otherwise required or prohibited by law.
2. All advisory bodies created by the Board of County Commissioners shall report their concerns and recommendations to the Board of County Commissioners. Advisory bodies may not take action or a policy position on behalf of the County upon their own initiative, unless so authorized by law.
3. The advisory bodies policy applies to all advisory bodies, unless the Board of County Commissioners chooses to make an exception. A request for an exception to this policy shall be filed in written form and filed with the Board of County Commissioner's office identifying the unique and special reasons related to the functioning responsibilities of the advisory body submitting the request.
4. The Board of County Commissioners may limit the amount of staff time and County resources committed to serving each committee.

C. Advertisement

1. Vacancies for advisory bodies shall be posted, unless there is an adequate pool of candidates from a previous advertisement for the same advisory body within the past twelve (12) months. The posting period may be extended or reduced by the staff assigned to the advisory body.
2. Applications shall be accepted at any time and shall be kept for 12 months from the date of the application. Personally identifying information may be redacted prior to releasing applications, in accordance with Public Records laws.
3. Only those citizens who have formally applied for membership within the proper time frame, and have the proper qualifications as specified by the Board of County Commissioners, may be considered for appointment.

D. Appointments

1. The Board of County Commissioners shall select and appoint members of County advisory bodies.
2. Applications for appointment to County advisory bodies shall be filed with the Board of County Commissioners. Upon close of the posting, all applications shall be provided to the staff person assigned to the advisory body for screening and/or recommendation before they are submitted to the Board of County Commissioners for appointment. The Board of County Commissioners shall review applications and recommendations and make appropriate appointments.
3. All persons appointed to serve on County advisory bodies shall serve on such advisory bodies

at the pleasure of the Board of County Commissioners. Appointments shall be made by the Board of County Commissioners; members are subject to removal by the Board of County Commissioners, with or without cause, at any time.

4. No person may serve on an advisory body unless that person has been appointed by the Board of County Commissioners to so serve.

5. All appointments to Advisory Committees, and all removals from Advisory Committees prior to the end of the committee members' term, shall be effectuated by a Resolution of the Board of Commissioners

E. Eligibility Requirements

In order to qualify for initial appointment to a Josephine County advisory body, the following requirements must be met:

1. Resident of Josephine County: and

2. Eighteen (18) years of age

F. Term

Unless otherwise stated in enabling legislation, appointments shall be for a term of four years. In order to give more people an opportunity to participate on an advisory body, appointment of an individual to any advisory body shall be limited to two consecutive terms. This two-term limit shall apply to all positions appointed by Josephine County, which are not designated by the County or statute as being filled by a specific individual. In the case where no qualified applicants have applied for the position, the Board may re-appoint for additional term(s). An individual who has served for two terms may, in all events, be eligible for reappointment after not serving for one year. Whenever a vacancy occurs during a term, the replacement shall be appointed only to fill the unexpired portion of the term. If the unexpired portion of the term is for six months or less, the appointment shall be for both the unexpired portion plus a full term. In that case, the appointment is considered as meeting one term of the two-term limit.

G. Absences

1. Except as otherwise provided by federal or state law, any member of a County advisory body appointed by the Board of County Commissioners who fails to attend three consecutive meetings or four meetings during any period of one year or less, whether regular, adjourned, or special, may be removed from the advisory board unless the member is prevented from attending by the serious illness of the member or the family of the member, or for any other cause that, in the judgment of the Board of County Commissioners, constitutes a valid reason for failing to attend.

2. The staff person assigned to each County advisory body shall promptly report to the Board of County Commissioners the name of any member failing to attend three consecutive meetings or four meetings during any period of one year or less. Advisory body members may also report this information to the Board of County Commissioners. Nothing contained in this subsection prevents the County from acting to remove a member if no report of absences has been made to the Board of County Commissioners.

3. Before the Board of County Commissioners decides to remove a member for failing to attend meetings, the Board of County Commissioners shall give reasonable opportunity (not less than 7 days) to the member to justify the absences to the Board of County Commissioners office. The member may provide such justification in writing prior to, or by appearing at, the meeting at which the removal is considered.
4. Upon declaring a position vacant as provided in this section, the Board of County Commissioners shall appoint a successor to serve the unexpired portion of the term for that position as soon as practicable. Such appointments shall follow the process described in paragraphs (a) through (d), above.

H. Quorum

A quorum is required before a County advisory body, or any of its members, may discuss or decide any matter relating to the advisory body's business. A quorum shall be a majority of the persons then appointed by the county to serve on the advisory body, excluding vacant positions, unless otherwise specified in the bylaws. All actions or recommendations of an advisory body must be approved by a majority of the members appointed to the body at the time of the vote. Members must be physically present at the meeting to be entitled to vote. Physically present includes in-person presence in the same physical location as well as presence through technological means where the member(s) can be seen and/or heard in real time.

I. Bylaws

1. Bylaws may be drafted, reviewed, and recommended to the Board of County Commissioners by any advisory body. Bylaws may also be prepared by the Board of County Commissioners. County Legal Counsel shall review all bylaws drafts prior to any decision regarding adoption.
2. The Board of County Commissioners shall have the sole authority to adopt, amend or repeal bylaws for County advisory bodies.
3. Bylaws shall be adopted by an Order of the Board of County Commissioners
4. Bylaws shall govern the conduct of the County advisory body but shall not, in any way, bind the Board of County Commissioners.
5. Where approved bylaws have provisions that conflict with this policy, the bylaws shall prevail. Where there is a conflict with the Josephine County Code, or state or federal law, the Code or other law shall prevail.

J. Officers

1. Chair
   a. The Chair works with the assigned staff person to set meeting agendas and presides over meetings of the advisory body.
2. Vice-Chair
   a. The Vice-Chair assumes the duties of the Chair if the Chair is unavailable.
3. Recording Office
   a. The Recording Officer prepares minutes of advisory body meetings and signs them

after they are approved by the advisory body before submitting them to the assigned staff person.

K. Communication with the Board of County Commissioner.

1. Signed, original minutes of advisory body meetings shall be sent to the Board of County Commissioners. In addition to the requirements set out in ORS 192.650, the following information must be included:

D. SERVICE OR WORKING ANIMALS

1. Service or Working Animals

   In certain circumstances, the County may be willing to accommodate service or working animals for employees with known disabilities. At a minimum, the employee must agree to the conditions below, and present documentation from a health care provider attesting that a service or working animal is necessary for the employee to perform the essential functions of the employee's position. The County will then work with the employee to assess what accommodations may exist to help the employee perform the essential functions of their position, and whether allowing the employee to bring a service or working animal to work is the most effective accommodation available. Proof that the service animal can perform specific tasks or functions identified by the health care provider or employee may be required. The County Board shall be notified when a service or working animal is approved for any department.

   Service or working animals also include animals required for essential job functions and service or working animals in training, with County approval. Service or working animals in training must be participating in a formal training program that provides liability coverage.

   Further, nothing in this policy is intended to circumvent or contravene laws that allow members of the public to bring service animals into County facilities, or in connection with the receipt of County services, as provided under Title II of the Americans with Disabilities Act and Oregon law. This policy applies to employees, volunteers and contracted workers only, while the employee/volunteer/contracted worker is on duty and performing duties on behalf of the County.

2. Conditions

   If the County approves an employee's use of a service or working animal during working hours and in County facilities, the following conditions apply:

   a. The service or working animal must be under the direct or indirect physical control of the employee at all times, and not any other employee. ("Direct physical control" means control by means of a leash or other restraining device held by the employee and leading to the service animal. "Indirect physical control" is a cage, crate, or temporarily tied to an inanimate object such as a tree, post, building, handrail, etc.). With the exception of Sheriff's Office K-9s, an employee may not leave a pet or service or working animal unattended outdoors or in a vehicle during working hours.

   b. The employee must care for the service or working animal in a responsible way that ensures the safety of those in the County facility, as well as the safety of the service or working animal.

c. The service or working animal must be housebroken. The employee will ensure the service or working animal relieves itself outside in a location or locations designated by the County; will clean up after the service or working animal and dispose of the service or working animal's waste properly; and ensure that the service or working animal is clean, groomed, and in a healthy condition without fleas or disease.

d. The service or working animal will be licensed, vaccinated, and have identification tags.

e. If the service or working animal creates a disturbance, poses a health or safety risk to the employee or others, or interrupts the work of the employee or others, it must be immediately removed from the County facility.

f. For the safety of both humans and animals, service or working animals are prohibited from kitchens, workshops, labs or other areas housing potentially hazardous materials and machinery. All requests for service or working animals as a "reasonable accommodation" will be evaluated on a case-by-case basis, however.

g. The employee, and/or service or working dog training program, must accept sole financial and legal responsibility for any injury, damage, or other harm caused by the service or working animal and will indemnify the County should the employee or his/her service or working animal be found legally liable for any injury or other harm caused by or to the service or working animal.

3. Employees who do not maintain the direct or indirect physical control of the service or working animal as defined above, or who violate any provisions within this policy, will not be allowed to bring a service or working animal to work and will be subject to disciplinary action for violation of this policy.

   Employees who intentionally injure, harm or otherwise prevent a service or working animal approved by the County from doing his/her work will be subject to discipline, up to and including termination. No employee may harass another employee for bringing a service or working animal to work, and all employees are expected to respect the personal space and privacy of an employee with a service or working animal (*e.g.,* no unauthorized petting, feeding or playing with the service or working animal unless the employee has express permission from the owner to do so).
