ARTICLE 8 – TRAVEL & REIMBURSEMENT

Revised 06/17/2026 Board Order No. 2026-036

It is the policy of Josephine County to encourage training and professional development for the benefit of the County. Training and professional development includes, but is not limited to, attending and participating in meetings, seminars, conferences, and training courses which are directly related to County services and operations, and which serve to assist employees in improving their job performance. Employee participation in training or professional development shall be subject to prior written approval by the department head. Employee travel time in conjunction with training or County business is considered time worked and should be scheduled within the employee's regular workday whenever possible.

Remote attendance is preferred, if available. Otherwise, travel is addressed as follows:

SECTION 1 – TRAVEL

A. IN-STATE TRAVEL

In-state travel is defined as travel within the State of Oregon. The employee's supervisor or department head must pre-approve all overnight In-state travel by employees conducting County business, for any reason. The Finance Director must pre-approve all overnight In-State Travel by department heads and elected officials. Employees, department heads, and elected officials may obtain blanket preauthorization from their approval authority to allow travel for specific meetings, trainings or tasks.

B. OUT OF STATE TRAVEL

Out-of-state business travel should generally be a rare occasion. All approved and authorized out-of-state business travel expenses must have a clear public purpose and serve the public interest. The Finance Director must pre-approve all Out-Of-State travel by department heads and elected officials.

Commissioner Travel. Out-of-state travel for County purposes by any County Commissioner requires the prior approval of the Board of County Commissioners. Before any reservation or travel arrangement is made that will encumber the County, including the use of an individual County Commissioners' Purchase Card, prior approval is required by the majority of the Board.

C. AIR TRAVEL

Coach class air travel for County business will be an allowable expense. Economy plus or business class air travel, or similar upgrades, for County business, will be an allowable expense for any direct flight that exceeds three (3) hours in length. First class air travel for County business will not be an allowable expense. Airfares to be paid by the County must be reasonable, cost effective and take into account the lowest available fare, total length of flight, travel plan, number of intermediate stops, etc. Costs for non-air travel arrangements shall not exceed the air fare amount the County would have paid.

D. VEHICLE TRAVEL

1. Employees operating a motor vehicle for the purpose of county business travel are subject to all applicable provisions of Personnel Policy 8.3, Administrative Policy E- 11, and the Fleet Safety Program Handbook.
2. Employees attending the same conference or meeting will be required to travel together in a single vehicle, unless the supervisor determines that separate travel is appropriate due to county business or the needs of the department. Employees who otherwise choose to travel separately may not be reimbursed for mileage.
3. Fleet Assigned Vehicles: If a department has access to a fleet vehicle it is generally more economical to use these vehicles for travel.
4. Rental Vehicles: Where a rental vehicle is determined to be the most economical or reasonable means of travel:
 - a. The County shall pay for the car rental costs and gasoline expenses.
 - b. If more than four employees are traveling to the same event, a larger vehicle upgrade may be approved by the Department Head. If for any reason employees decide not to travel together, only one vehicle rental will be allowed. The department head will decide whether a vehicle upgrade is allowed, and which employee will be provided with the rental vehicle.
5. Personal Vehicles: When an employee is granted permission to use a private vehicle for travel, the County will reimburse the employee at the current IRS mileage rate. Mileage shall be calculated between the travel destination and the employee's workstation or residence, whichever is less. When an employee combines official County travel with holiday, weekend, vacation or other personal travel, transportation must be by the employee's personal vehicle only and must be pre- approved as outlined in this policy. Reimbursements will be made only for those costs necessary for the County's business portion of the trip.
 - a. Mileage reimbursement shall not be paid unless the requesting employee has an acceptable driving record and has provided documentation of valid vehicle insurance.
6. Transportation costs chargeable to the County must be for the most direct route reasonably available.
