3) Budget Officer presents the Fiscal Year 2025-26 Supplemental Budget

Arthur O'Hare, Budget Officer, presented the proposed Fiscal Year 2025-2026 Supplemental Budget. O'Hare explained that the supplemental budget was primarily a year-end housekeeping measure intended to adjust appropriations, recognize grant revenues, and transfer funds between budget categories as needed to remain in compliance with Oregon Budget Law. O'Hare noted that Josephine County's charter requires Budget Committee review of supplemental budgets prior to consideration by the Board of County Commissioners at a public hearing. The supplemental budget would subsequently be published and presented to the Board for consideration on June 24, 2026. Mr. O'Hare reviewed the proposed adjustments and explained that the supplemental budget increased the Fiscal Year 2025-2026 budget by \$1,137,000 with no change to countywide full-time equivalent positions. The largest adjustment consisted of \$1,062,000 in grant funding for Community Corrections programs, including Family Treatment Court and Behavioral Health Deflection programs. Additional changes included a \$20,000 transfer from Animal Shelter revenues to the Animal Shelter Building Reserve Fund and a \$55,000 increase associated with sewer service costs at the North Valley Industrial Park. Discussion occurred regarding the North Valley Industrial Park sewer subsidy, replacement and outfitting of Sheriff's Office patrol vehicles, Community Corrections grant funding, court security overtime expenditures, Animal Shelter reserve funding, and Sheriff forfeiture fund appropriations. O'Hare explained that several adjustments involved transfers between budget categories rather than increases in overall expenditures and reviewed requirements associated with supplemental budget procedures under Oregon Budget Law. Community Justice representatives provided additional information regarding state grant funding and explained that funding levels for several programs were not known when the original budget was prepared. Committee members discussed contingency usage, grant funding assumptions, reserve balances, and statutory requirements governing supplemental budgets.
