

Re: Letter of Support - City of Cave Junction Water and Sewer Line Extension Project

To Whom It May Concern:

The Josephine County Board of Commissioners is pleased to express its strong support for the City of Cave Junction's application for funding through the Regional Infrastructure Fund to assist with the proposed water and sewer line extension project.

Reliable water and wastewater infrastructure is essential to the health, safety, economic vitality, and long-term sustainability of our communities. The proposed extension will help address critical infrastructure needs in the Illinois Valley and provide capacity to support responsible growth and development.

Josephine County recognizes the importance of investing in infrastructure that strengthens local communities and creates opportunities for future economic development. Improvements to the City's water and sewer systems will benefit existing residents and businesses while helping position Cave Junction to accommodate future housing, commercial activity, and other community needs.

This project also represents an important investment in the broader Illinois Valley and throughout Josephine County. Strong municipal infrastructure contributes to a more resilient local economy, supports public health and environmental protection, and enhances the ability of communities to attract and retain businesses and residents.

For these reasons, the Josephine County Board of Commissioners respectfully encourages the State of Oregon to give favorable consideration to the City of Cave Junction's funding application. We believe this project is a worthwhile investment in the community and in the future of both the City of Cave Junction and Josephine County.

Thank you for your consideration and for your continued investment in infrastructure projects that strengthen Oregon communities.

Sincerely,

Josephine County Board of Commissioners

Ron Smith, Chair

Colene Martin, Vice Chair

Gary Richardson, Commissioner

Grants Pass, OR 97526

**SUBJECT: RECOMMENDATION TO AWARD
GRANTS PASS AIRPORT – JOSEPHINE COUNTY AIRPORTS
AIRFIELD ELECTRICAL EQUIPMENT PROCUREMENT L-893(L) LIGHTED
VISUAL AID TO INDICATE TEMPORARY RUNWAY CLOSURE
AIP PROJECT NO. 3-41-0023-021-2026**

Dear Mr. Crisafulli:

Enclosed is the quote tabulation for the **Airfield Electrical Equipment Procurement L-893(L) Lighted Visual Aid to Indicate Temporary Runway Closure** procurement at the Grants Pass Airport. Two (2) quotes for the above-referenced project were received by the Thursday, August 20th, 2026, deadline. We have reviewed the procurement packages submitted. The apparent low proposer is **Hali-Brite, Inc.** A summary of the quote tabulation results is shown below:

	Hali-Brite, Inc. (apparent low proposer)	Airside Solutions, Inc.
Bid Schedule	\$ 56,691.76	\$ 75,672.00
Grand Total	\$ 56,691.76	\$ 75,672.00

It is our opinion that **Hali-Brite, Inc.**; 1) submitted a complete bid proposal that is in compliance with Sections 20 and 30 of the General Contract Provisions of the procurement document; 2) the proposed bid amount is consistent with current industry standards and prevailing market trends; and 3) no bid informality has been found that would be cause for rejection of the proposal.

Accordingly, we **recommend that the County consider awarding a contract to Hali-Brite, Inc., contingent upon the receipt of FAA approval. Concurrence to award will need to be obtained from the FAA prior to the execution of the contract.**

Sincerely,
PRECISION APPROACH ENGINEERING, INC.

Corley McFarland, P.E.
Project Manager
