Purpose of the Funding

The Office of Justice Programs (OJP) is committed to advancing work that furthers the U.S. Department of Justice's (DOJ) mission to keep our country safe and secure and uphold the rule of law and protect the rights of American citizens. OJP provides federal leadership, funding, and other critical resources to directly support law enforcement, combat violent crime, protect American children, provide services to American crime victims, and address public safety challenges, including human trafficking and the opioid crisis.

This is a notice of funding opportunity (NOFO) for the **OJJDP FY 2026 Community and Schools Youth Drug Prevention Program**. This opportunity supports states, units of local government, federally recognized Native American Tribal governments and nonprofit organizations to deliver substance use prevention programs for youth in schools and extracurricular settings in coordination with law enforcement and community coalitions. This includes building community-based capacity and implementing a continuum of prevention strategies that address youth substance use, such as education, early intervention, mentoring, referral to treatment, and investigations in coordination with local law enforcement and community coalitions.

Funds will support activities that include but are not limited to the following:

- Designing and implementing comprehensive prevention programs for students from preschool through grade 12, including prevention education, early identification and intervention, mentoring, and referral to treatment services.
- Designing and implementing family engagement strategies to provide parents and caregivers with tools and approaches to prevent or address youth substance use.
- Offering training for school personnel, parents, law enforcement, and community members to strengthen coordinated prevention efforts.
- Supporting local law enforcement and community partners to establish and maintain “safe zones of passage” to ensure students can travel safely to and from school and activities.

1. Out of program scope is any program or activity, at any tier that, directly or indirectly, violates (or promotes or facilitates the violation of) federal immigration law (including 8 U.S.C. § 1373) or impedes or hinders the enforcement of federal immigration law—including by failing to comply with 8 U.S.C. § 1373, give access to DHS agents, or honor DHS requests and provide requested notice to DHS agents.

The types of entities that are eligible to apply are:

Government Entities

- County governments
- City or township governments
- Special district governments
- Native American tribal governments (federally recognized)

Other

- Other units of local government

“Other” Entities Definition:

A unit of local government also may be any law enforcement district or judicial enforcement district established under applicable state law with authority to independently establish a budget and impose taxes; for example, in Louisiana, a unit of local government means a district attorney or parish sheriff.

3. PROGRAM DESCRIPTION

Statutory Authority

Pub. L. No. 90-351, Title I, Part E, subpart 1 (codified at 34 U.S.C. 10151-10158); see also 28 U.S.C. 530C(a)

Agency Funding Priorities

In order to advance public safety and help meet its mission, OJP’s priorities include:

- a. Directly supporting law enforcement operations (including immigration law enforcement operations);
- b. Combatting violent crime;
- c. Supporting services to American citizens;
- d. Protecting American children; and
- e. Supporting American victims of trafficking and sexual assault.

Areas of Emphasis

BJA recognizes that many state and local criminal justice systems currently face challenging fiscal environments and that an important, cost-effective way to relieve those pressures is to share or leverage resources through cooperation among federal,

state, local, tribal, and territorial law enforcement. BJA encourages state and local recipients of FY 2026 JAG funding to join federal law enforcement agencies in addressing the following challenges.

Combating Violent Crime: JAG funds may be used to implement, enhance, or expand projects that combat violent crime. This should include directly supporting law enforcement operations.

Specific activities could include addressing human trafficking of American citizens; dismantling criminal gangs, street crews, and drug networks, including drug manufacturing, dealing, and trafficking; and cracking down on the open use of illegal drugs. State and local agencies are encouraged to coordinate with their United States Attorneys and Project Safe Neighborhoods grantees in order to leverage JAG funding for violent crime reduction projects, including the DOJ Operation Take Back America to eliminate cartels and transnational criminal organizations, and to coordinate their law enforcement activities with those of federal law enforcement agencies such as the Federal Bureau of Investigation (FBI); the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF); the Drug Enforcement Administration; the United States Marshals Service; and the Department of Homeland Security. Further, state and local agencies may use JAG funds to protect the public, critical infrastructure, mass gathering events, and public facilities from threats posed by the careless or unlawful use of unmanned aircraft systems (UAS), as well as to interrupt drug cartels' use of UAS for smuggling and surveilling law enforcement, to include purchase of UAS (see BJA's [UAS page](#) for prior approval requirements before using JAG funds for UAS or counter-UAS) or equipment or services for the detection, tracking, or identification of drones and drone signals.

Immigration Enforcement: State and local agencies may use JAG funds to partner with federal law enforcement on immigration enforcement operations (e.g., information sharing, entering into and fully participating in a 287(g) partnership and/or a Homeland Security Task Force, honoring detainers, protecting critical infrastructures, and information/intelligence problems).

Safe Communities: State and local agencies may use JAG funds to support services to American citizens and American victims of crime to create safe communities. JAG funds can be used to collaborate with federal law enforcement and task forces to address endemic vagrancy and encampments that create safe havens for drugs, crime, and human trafficking. Additionally, state and local agencies may use JAG funds to focus on improving public order and quality of life through enforcement and prosecution of nuisance abatement and blight including, among other things, petty larceny and criminal damage to property, as well as utilization of maximally flexible civil commitment, institutional treatment, and step-down treatment standards to address untreated mental health and substance use disorders. JAG funds may also be used to support American victims of trafficking and sexual assault.

Safe Houses of Worship: State and local agencies may use JAG funds to respond to and deter threats to houses of worship and other religious institutions, including religious schools. Religious institutions have recently been targeted for acts of violence and desecration. These organizations typically lack sufficient security resources to respond to heightened threats. State and local law enforcement support to houses of worship, religious schools, and other religious institutions is an effective way to combat such threats.

Unallowable Activities: The following are certain unallowable costs and certain activities that are out of the program scope and will not be funded.

1. Out of program scope is any program or activity, at any tier that, directly or indirectly, violates (or promotes or facilitates the violation of) federal immigration law (including 8 U.S.C. § 1373) or impedes or hinders the enforcement of federal immigration law—including by failing to comply with 8 U.S.C. § 1373, give access to DHS agents, or honor DHS requests and provide requested notice to DHS agents.
2. Out of program scope is any program or activity, at any tier that violates any applicable Federal civil rights or nondiscrimination law. This includes violations that (1) indirectly violate the law, including by promoting or facilitating violations; or (2) unlawfully favor individuals in any race or protected group, including on a majority or minority, or privileged or unprivileged, basis, within a given area, population, or sector.
3. As specified in the [DOJ Grants Financial Guide](#), in Chapter 3.13 “Unallowable Costs” (“Legal Services for Aliens”), any obligations of funds, at any tier, under this award to provide (or to support the provision of) legal services to any removable alien or any alien otherwise unlawfully present in the United States shall be unallowable costs for purposes any award made under this notice, but the foregoing shall not be understood to apply: (1) to legal services to obtain protection orders for victims of crime; or (2) to immigration-related legal services that may be expressly authorized or required by any law, or any judicial ruling, governing or applicable to the award.

Formula Allocations

The FY 2026 Local JAG Allocations are listed on the [JAG Allocations website](#), with separate lists for each state. According to the JAG Program statute, a “disparity” may exist between the funding eligibility of a county and its associated municipalities. See [34 U.S.C. § 10156\(d\)\(4\)](#). **Units of local government identified as disparate must select a fiscal agent that will submit an application for the total allocation that includes all disparate jurisdictions.** See the [JAG FAQs](#) for more information on the requirements for disparate groups.

The JAG statutory formula is fully described within the [JAG Technical Report](#).

Other JAG Statutory Requirements

Certification and Assurances: The JAG statute, at [34 U.S.C. § 10153 \(A\)\(1-5\)](#), details requirements related to governing body review and public comment of a JAG application, prohibition on supplanting, as well as other requirements for which JAG recipients must submit to BJA certification and assurances.

Prohibited Items: The JAG statute, at 34 U.S.C. § 10152, prohibits the use of JAG funds for certain items, and it prohibits the use of JAG funds for other items unless BJA grants a waiver. The [JAG Prohibited Expenditures Guidance](#) provides lists, details, definitions, and procedures for prohibited expenditures under the BJA JAG Program.

Administrative Costs: The JAG statute, at [34 U.S.C. § 10152](#), requires that not more than 10 percent of a JAG grant may be used for costs incurred to administer such grant.

Trust Fund: The JAG statute, at 34 U.S.C. § 10158, requires that a state or unit of local government that elects to draw down JAG funds in advance must establish a trust fund in which to deposit amounts. The trust fund must be in an interest-bearing account, unless one of the exceptions in [2 C.F.R. § 200.305\(b\)\(11\)](#) apply.

Goals and Objectives of This Funding Opportunity

Goal: Improve the administration of the criminal justice system.

- **Objective 1:** Provide units of local government with additional personnel, equipment, supplies, contractual support, training, technical assistance, and information systems.

Budget and Associated Documentation

Budget

Use the Budget Detail Separate Attachment (attach file in JustGrants) to submit the budget. Read information on [budget preparation](#) and [JustGrants Application Submission Training](#).

- List each cost needed to implement the project under the appropriate cost category.
- Clearly name and describe each cost.
- Show the computation of each cost (e.g., cost per unit, number of units, and total cost).
- Enter narrative, as needed, to explain the cost calculations and connection to your project goals, objectives, and activities.
- Include only costs that are reasonable, allocable, and necessary to implement the project. They must be allowable under the funding statute and agency requirements.¹

The following information specific to this funding opportunity will help you develop your project budget:

- In addition to the instructions above, Local JAG applicants must include in the budget worksheet the following:
- If using funds for administering the grant, provide clear designation for any cost line items that are JAG administrative costs within each budget category and project year. For example, in the line-item description or explained in the narrative section.
- For applications for disparate groups, the preference is for the applicant to include a single budget worksheet and narrative that lists each jurisdiction's proposed costs by category, labeled to distinguish the use between partner agencies. Alternatively, separate budget attachments for each partner or unit of local government are acceptable.
- Funding restrictions—JAG funds may not be used to supplant state or local funds but must be used to increase the amounts of such funds that would, in the absence of federal funds, be made available.

Additional restrictions apply to certain costs or activities, to include but not limited to:

- Administrative costs
- Prohibited items per 34 U.S.C. § 10152, absent a waiver
- UAS and C-UAS
- Body Armor

2026 Oregon Local JAG Allocations

Only jurisdictions listed below in the state are eligible to receive FY 2026 JAG funding directly from BJA, with award amounts determined by the annual formula. Important notes:

- 1) Disparate jurisdictions are listed in shaded groups below, in alphabetic order by county. A single jurisdiction must serve as the fiscal agent on behalf of the group. BJA will only fund one award for the disparate group. Disparate jurisdictions are responsible for determining individual amounts within the Joint Allocation and for documenting allocations via a memorandum of understanding.
- 2) Jurisdictions eligible for a direct allocation (i.e., not part of a disparate group) are listed alphabetically below the shaded, disparate groupings.

JOSEPHINE COUNTY SHERIFF'S OFFICE

The Josephine County Sheriff's Office intends to use the JAG funds to address a gap in consistent geographically focused law enforcement presence and community engagement throughout the county. Josephine County can be broken into three areas, which are the North, the South and the Illinois Valley. Each of these areas have unique communities with their own needs for law enforcement.

From 2018 to 2021 the Sheriff's Office addressed these needs through a Resident Deputy Program. The program consisted of three deputies who were assigned to one of the three geographical areas, and they also resided in their assigned area. The expectation was that they would build relationships with the residents, schools and neighborhood groups. They would be more likely to know about the law enforcement issues that needed to be addressed. Unfortunately, due to staffing and funding constraints the program ended in late 2021. As a result, whichever deputy was available would be the person responding to calls for service in any given area. The staffing constraints also made it hard for deputies to attend community events.

In January 2026 the Josephine County Sheriff's Office was able to provide 24/7 patrols which had not been the case since 2012. Over the last year the Sheriff's Office priority has been to fill patrol deputy positions to provide the 24/7 coverage. As positions continue to be filled the office intends to bring back the Resident Deputy Program. Current staffing levels do not allow for full-time resident deputies, but the JAG funds could be used for overtime for dedicated personnel to attend community engagement activities, school events and community meetings without pulling from the regular patrol staffing.

The project would address the personnel resource gap and the community engagement gap. Without additional resources, patrol deputies responding to calls for service throughout the county have

limited capacity to participate in community events and proactive community engagement. Grant-funded overtime will provide a bridge to restore the Resident Deputy Program.

The Sheriff's Office will implement the project by using JAG funds to provide overtime for sworn deputies to conduct proactive community engagement and community-oriented policing activities in three designated geographic areas of the county: the North, South and Illinois Valley. The project will support the JAG Safe Communities emphasis by increasing the Sheriff's Office's ability to maintain a visible, proactive presence in communities and respond to public safety and livability concerns before they escalate.

During the project period, overtime may be used for participation in community events or meetings, school events, crime prevention activities and other activities that provide opportunities for deputies to interact directly with residents. The expectation is that the deputy's participation in the community engagement will help to identify community concerns such as property crime, drug activity, trespassing and other issues that affect public safety.

When appropriate, the Sheriff's Office will coordinate with other local, state and federal law enforcement agencies when there is criminal activity that requires a coordinated response. If other agencies coordinate with the Sheriff's Office, the JAG funds will only be used to cover the overtime costs of the Sheriff's Office personnel.

The Sheriff's Office has the administrative, operational, and technical capacity necessary to successfully implement the proposed project, manage JAG funds, and meet all applicable grant requirements. The agency has previously operated a successful Resident Deputy Program and therefore

has direct experience implementing geographically focused community policing activities, establishing relationships with residents and community organizations, and assigning deputies to specific geographic areas of the county. The proposed project builds upon that established experience while using grant-funded overtime as an interim approach until staffing levels allow the full-time Resident Deputy Program to be restored.

The Sheriff's Office has established supervisory and administrative structures for managing personnel, scheduling overtime, monitoring expenditures, maintaining documentation, and overseeing grant-funded activities. Supervisors will be responsible for coordinating and approving deputy participation in eligible community engagement and public-safety activities and ensuring that overtime assignments are consistent with the approved project objectives. Administration personnel will be responsible for maintaining grant records, monitoring expenditures, collecting required performance information, coordinating with operational staff, and preparing and submitting required financial and performance reports. This existing administrative capacity provides the agency with an established process for grant management rather than requiring the development of new administrative systems for the project.

The grant administrator will compile and maintain the performance data in accordance with applicable JAG requirements and will use the information to prepare required performance reports. Financial records, payroll documentation, overtime records, activity reports, and other supporting documentation will be maintained to provide an auditable record connecting grant expenditures with approved project activities and outcomes.
