

BUDGET COMMITTEE MEETING – Tuesday June 2, 2026

9:00 a.m. – Anne Basker Auditorium

600 N.W. Sixth Street, Grants Pass, OR 97526

Budget Committee: Ron Smith, Colene Martin, and Gary Richardson, Marc Kirby, Chris Collins and Dorothy Yetter; Nikole Guzman, Recorder

Budget Officer: Arthur O'Hare

1) Open Meeting – Gary Richardson, Budget Committee Chair

Commissioner Richardson opened the meeting at 9:01 a.m.

2) Declaration of Potential Conflicts of Interest

Prior to departmental presentations, Budget Officer Arthur O'Hare provided follow-up information requested by the Budget Committee during previous meetings. O'Hare reviewed information regarding reserve funds, including procedures for establishing and dissolving reserve funds, and provided an index identifying the relationship between County funds and programs. O'Hare also provided clarification regarding budgeted full-time equivalent positions and distributed information received from Legal Counsel regarding public meeting law requirements, advisory committees, litigation reporting, and legal research subscription costs.

3) Department Presentations:

a. Sheriff-Dave Daniel- Exhibit 1 PowerPoint Presentation

Dave Daniel, Sheriff presented the proposed Fiscal Year 2026-2027 Sheriff's Office budget, including Adult Jail, Animal Shelter and Animal Control, Patrol, Dispatch, Evidence, Court Security, Search and Rescue, Marine Patrol, Civil Division, Administration, and JMET operations. Daniel reviewed current staffing levels, recruitment and retention challenges, jail operations, animal control services, technology improvements, grant funding sources, and long-term financial planning.

Discussion focused on staffing vacancies, law enforcement service district funding, general fund support, jail operations, levy funding, recruitment and retention efforts, compensation concerns, technology improvements, body-worn cameras, school resource deputies, and future public safety needs. Committee members asked questions regarding staffing levels, levy funding, funding allocations, service district revenues, and operational priorities. Daniel discussed the Sheriff's Office request for additional patrol staffing and the importance of maintaining competitive compensation to improve retention and reduce employee turnover. **Exhibit 1 PowerPoint Presentation**

b. District Attorney- Joshua Eastman-Exhibit 2 PowerPoint Presentation

Joshua Eastman, District Attorney presented the proposed Fiscal Year 2026-2027 District Attorney budget. Eastman reviewed departmental responsibilities, staffing levels, prosecution services, victim assistance programs, specialty court participation, and legal services provided throughout Josephine County.

Discussion occurred regarding case volumes, staffing challenges, recruitment and retention of attorneys, compensation concerns, specialty court programs, grant funding opportunities, and long-term sustainability of prosecutorial services. Committee members discussed operational needs and future staffing considerations. **Exhibit 2 PowerPoint Presentation**

c. Community Justice– Scott Hyde-Exhibit 3 PowerPoint Presentation

Scott Hyde, Community Justice Director, presented the proposed Fiscal Year 2026-2027 Community Justice budget. Hyde reviewed Adult Parole and Probation, Juvenile Justice, Prevention and Treatment Services, Behavioral Health Deflection, Family Treatment Court, and related community supervision programs.

Discussion included grant funding, state revenue sources, juvenile detention operations, parole and probation services, treatment programs, youth prevention services, staffing needs, community partnerships, and future program expansion opportunities. Committee members discussed program effectiveness, service delivery requirements, and long-term funding considerations.

4) Budget Officer answers questions/provides requested information

Arthur O'Hare responded to Budget Committee questions and provided additional clarification regarding departmental funding structures, staffing allocations, levy funding, reserve balances, and budget presentation information discussed during departmental presentations. O'Hare answered questions regarding fund relationships, personnel calculations, and funding mechanisms utilized throughout County operations.

5) Public Comment *(limit of three minutes each)*

Bill Ertl, Josephine County resident, spoke regarding the Law Enforcement Service District Advisory Committee and expressed support for the Sheriff's Office budget request.

Ron Lamb, Josephine County resident, spoke regarding Measure 17-115 and public safety funding.

6) Confirm next scheduled meeting.

The next Budget Committee Meeting was confirmed for Thursday, June 4, 2026, at 9:00 a.m.
The meeting adjourned at 12:24 p.m.

26-27 Budget

Sheriff's Office Divisions

- Adult Jail
- Animal Control
- Administration
- Search and Rescue
- Civil
- Records
- Dispatch
- Patrol
- Marine
- Josephine Marijuana Enforcement Team
- Evidence
- Court Security

Adult Jail – Budget Request

FTE	Resources	Requirements	Net
44	\$1,337,200	\$10,669,300	\$(9,332,100)

- Jail/Juvenile levy is the primary source of revenue
- No significant changes to the budget other than a reduction in expected revenue from USM bed rentals

Improve Efficiency, Transparency & Public Engagement

- Multiple self-service options for citizens to communicate and support Adults in Custody (AICs)
 - Website, Sheriff App, lobby kiosks
 - Deposit funds for commissary, calls, messaging, video visits, bail
- Reduce phone inquiries
 - Inmate Inquiry lookup – custody status, charges, arresting agency, bail information
 - Clear online guidance for visitation, mail and AIC services
- Victim Support
 - Free victim notification system
 - Automatic alerts for AIC release or transfer

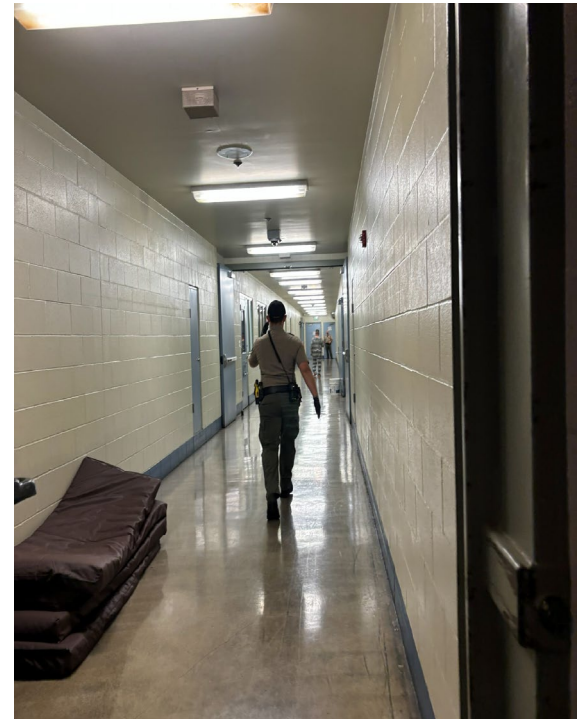

Long-Term Financial Sustainability

- Funded primarily from a 5-year levy which expires in 2027
 - Renew the levy
- Prepare a 5-year financial plan with levy revenue and without it
- Monthly reports of revenue and expenditures

Strategic Investment in Public Safety & Community Infrastructure

- Investing in recruitment and retention of public safety personnel
 - Competitive compensation, training, staff wellness
- Ongoing maintenance of jail facilities
 - Pay into facilities maintenance & depreciation fund
- Programs to strengthen the community
 - NA, AA, in-house drug treatment, church services, mental health services

Animal Control – Budget Request

FTE	Resources	Requirements	Net
3	\$1,000	\$550,700	\$(549,700)

- Animal Shelter/Control levy is the primary source of revenue
- Renewed the levy at \$.16 per \$1,000 of assessed value to maintain current service level
- 3 ACO's handled over 3,000 CFS throughout the county in 24-25

Improve Efficiency, Transparency & Public Engagement

- Provide the public with more resources
 - Non-emergent reports via the Sheriff App & county website
 - Create a “Who to Call” guide and share educational information
- ACO’s will receive ongoing training and will cross-train deputies to improve coordination
- Analyze CFS trends & adjust schedules to meet demand
- Focus on prevention to control costs and improve outcomes

Long-Term Financial Sustainability

- Funded primarily from a 5-year levy which was renewed for 5 more years
 - 26-27 through 30-31
- Prepare a 5-year financial plan with levy revenue
- Monthly reports of revenue and expenditures

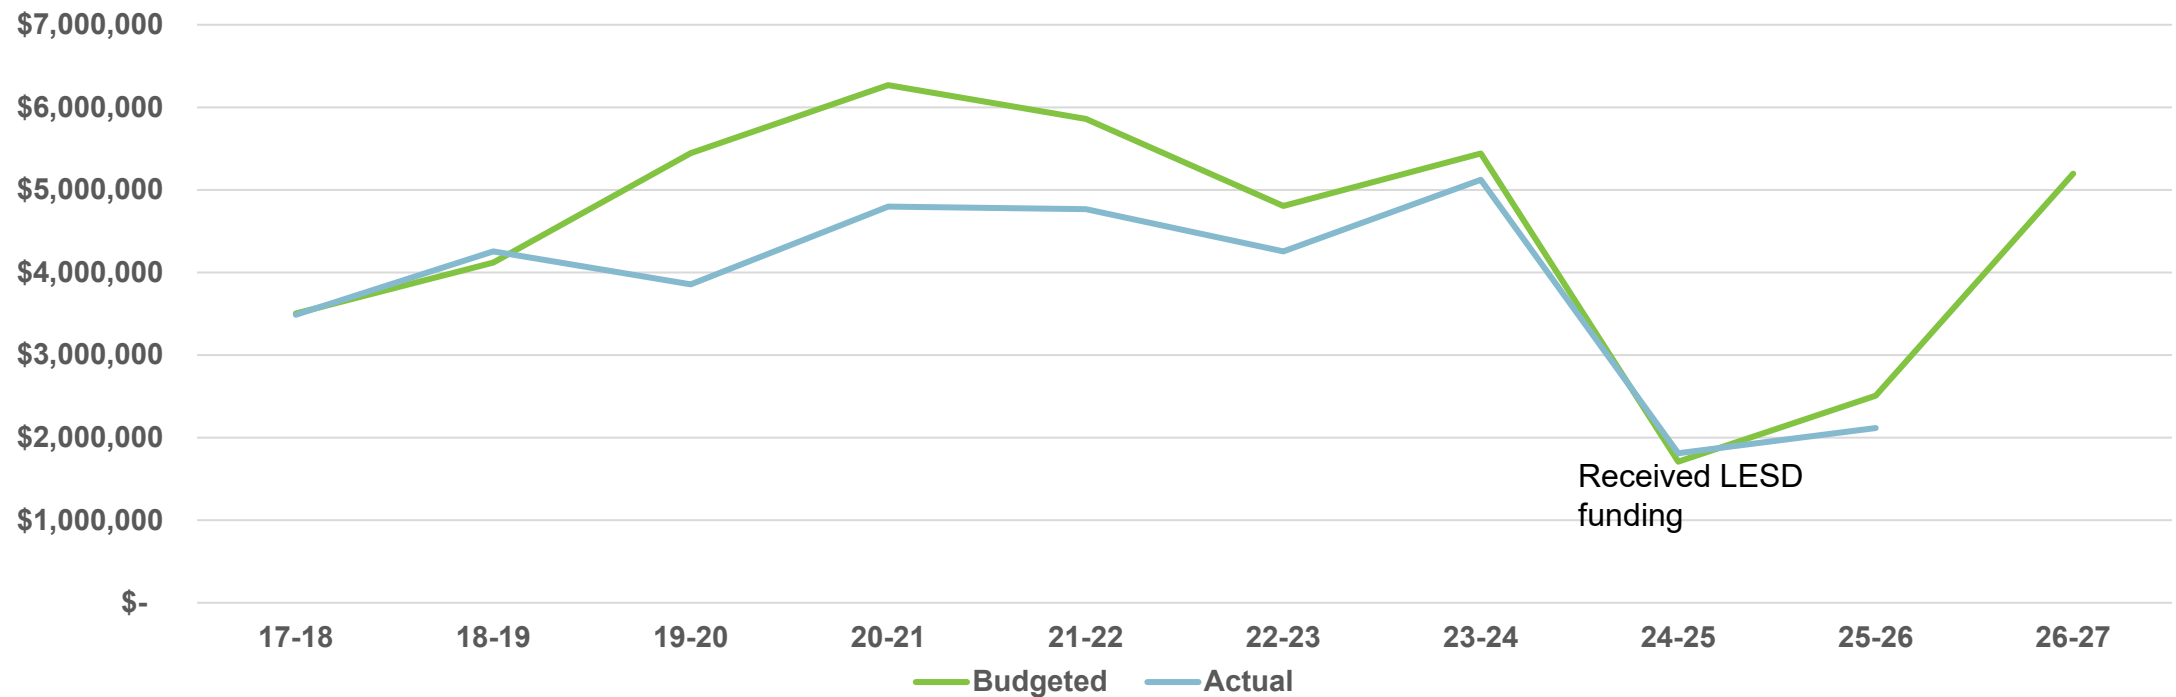

Strategic Investment in Public Safety & Community Infrastructure

- No reliance on General Fund
 - Does not reduce funding for law enforcement
- Office space is well maintained – no major capital improvements in the near future
- Annual funding set aside for future vehicle replacement

Historical General Fund Support

- 24-25 & 25-26 actual figures are an estimate

Operations (LESF) – Budget Request

Budget with no FTE changes

Program	FTE	Resources	Requirements	Net
Patrol	30.75	\$6,712,400	\$7,052,900	\$(340,500)
Dispatch	7	\$1,195,800	\$1,195,800	\$0
Evidence	1	\$379,400	\$379,400	\$0
Total	38.75	\$8,287,600	\$8,628,100	\$(340,500)

Requesting to add 10 FTE to patrol/major crimes

Program	FTE	Resources	Requirements	Net
Patrol	40.75	\$6,711,500	\$9,855,000	\$(3,143,500)
Dispatch	7	\$1,193,600	\$1,193,600	\$0
Evidence	1	\$382,500	\$382,500	\$0
Total	48.75	\$8,287,600	\$11,431,100	\$(3,143,500)

Operations – Budget Request

Program	FTE	Resources	Requirements	Net
Administration	2	\$10,400	\$546,400	\$(536,000)
SAR	1	\$20,000	\$263,400	\$(243,400)
Civil	3.13	\$225,500	\$523,600	\$(298,100)
Records	2.63	\$12,000	\$396,100	\$(384,100)
JMET	6	\$1,109,800	\$1,331,700	\$(221,900)
Court Security	2	\$55,000	\$426,800	\$(371,800)
Total	16.75	\$1,432,700	\$3,488,000	\$(2,055,300)

This would be reduced by \$7,300 if positions are added to patrol due to insurance cost be allocated based on FTE

- These divisions are funded from the general fund
- Reduction of 1 FTE – IMMEG position

Improve Efficiency, Transparency & Public Engagement

- Provide digital services through the county website and Sheriff App
 - Apply online for a CHL, request reports & records, report non-emergent incidents, submit tips
- Use social media and FlashAlert to share updates and promote digital resources
- Digitize paperwork to reduce administrative workload & free up deputies
 - E-citation
- Promote transparency through the LESD Advisory Board and sharing monthly statistics with the public
- Increase accountability and transparency by using body-worn cameras and patrol vehicle dash cameras
- Strengthen community engagement through town halls, community policing, partnerships with schools, neighborhood groups & local organizations

Long-Term Financial Sustainability

- Funded from the Law Enforcement Service District and the General Fund
- Prepare a 5-year financial plan
 - Work with county leadership to maintain stable and predictable funding
- Provide monthly reports of revenue and expenditures

Strategic Investment in Public Safety & Community Infrastructure

- Investing in recruitment and retention of public safety personnel
 - Competitive compensation, training, staff wellness
- Plan and save for future capital improvements
 - Upgrade communications systems
 - Pay into facilities maintenance and depreciation fund
 - Pay annual depreciation for vehicle replacement
- Maintain funding from TRSD, OSMB, BLM, USFS & CJC to provide enhanced public safety throughout the county
- Continue to pursue grants and IGA's to expand services

Questions?

District Attorney's Office

Joshua Eastman, District Attorney

FY 2026-2027

Mandated Services

- Prosecution of crimes, violations, grand jury, forfeiture, assist Juvenile Department, Civil Commitments
(ORS 8.610, 8.650-.850 & 426.100)
- Set Asides, Post-Conviction Relief (some cases); Relief from Firearms Prohibition, Reinstate Driver's License
- County/District Medical Examiner (ORS 146)
- Public Records Appeals

Funding – Majority is on the County

- State pays for:
 - 1 (or 1/2-depending on number of JMET Detectives) MJ DDA positions and .5 Legal Assistant (grant)
 - 1/2 Child Abuse DDA (CAMI grant)
 - 1 DDA (Justice Reinvestment grant)
 - 1/2 Drug Court DDA (CJC grant)
 - DA
- County pays for the rest (see ORS 8.850)

General Fund Reductions

- People and Office supplies (People and Paper)
 - Any reductions in general fund translate to less DDAs and therefore reduction in ability to prosecute crimes in County
- DDA's required directly tied to number of referrals from our Law Enforcement partners

What we do?

“...dedicated to providing, with integrity, courtesy and respect, the highest quality prosecution services, while responsibly representing the interest of the community and all victims.”

What we've been up to - cases

- DA –
 - Multiple individuals involved in DTO/Racketeering sentenced
 - Two homicides resolved
- CDDA – tried 4 homicides in last year – convictions on all of them
 - State v. Moehring – Murder, Arson, Abuse of Corpse – life without parole
 - State v. Olney – double murder – life with 45 year minimum
 - State v. Orentlicher – Murder II – life with 25 year minimum
 - State v. Heckers – Manslaughter II/Assault II
- DDA III –
 - State v. Rice – Jessica's Law - 63.5 years;
- DDA III –
 - major fentanyl dealer received 10 years; major ID Theft – 11 plus years
- DDA III –
 - major DV cases resolved for 3-8 years
- DDA II –
 - Mooney – serial burglar receives 80 months (all businesses)

What we've been up to - other

- Two are now “Special Assistant United States Attorneys” - SAUSAs
 - “cross-designated” to prosecute cases in federal court
 - Helps Josephine County by
 - Incentivizing taking prompt “stateside deals” to avoid further federal exposure
 - Allows us to take the “worst of the worst” or “community problems” federally where often exposure is much more (i.e. mandatory minimums, ACC sentences)
 - Partnerships with federal agencies (DEA, HSI, USPIS, etc.) allows us to expand our reach/investigative abilities
 - 40lb of meth case
 - 90lb (plus 58lbs) of meth case

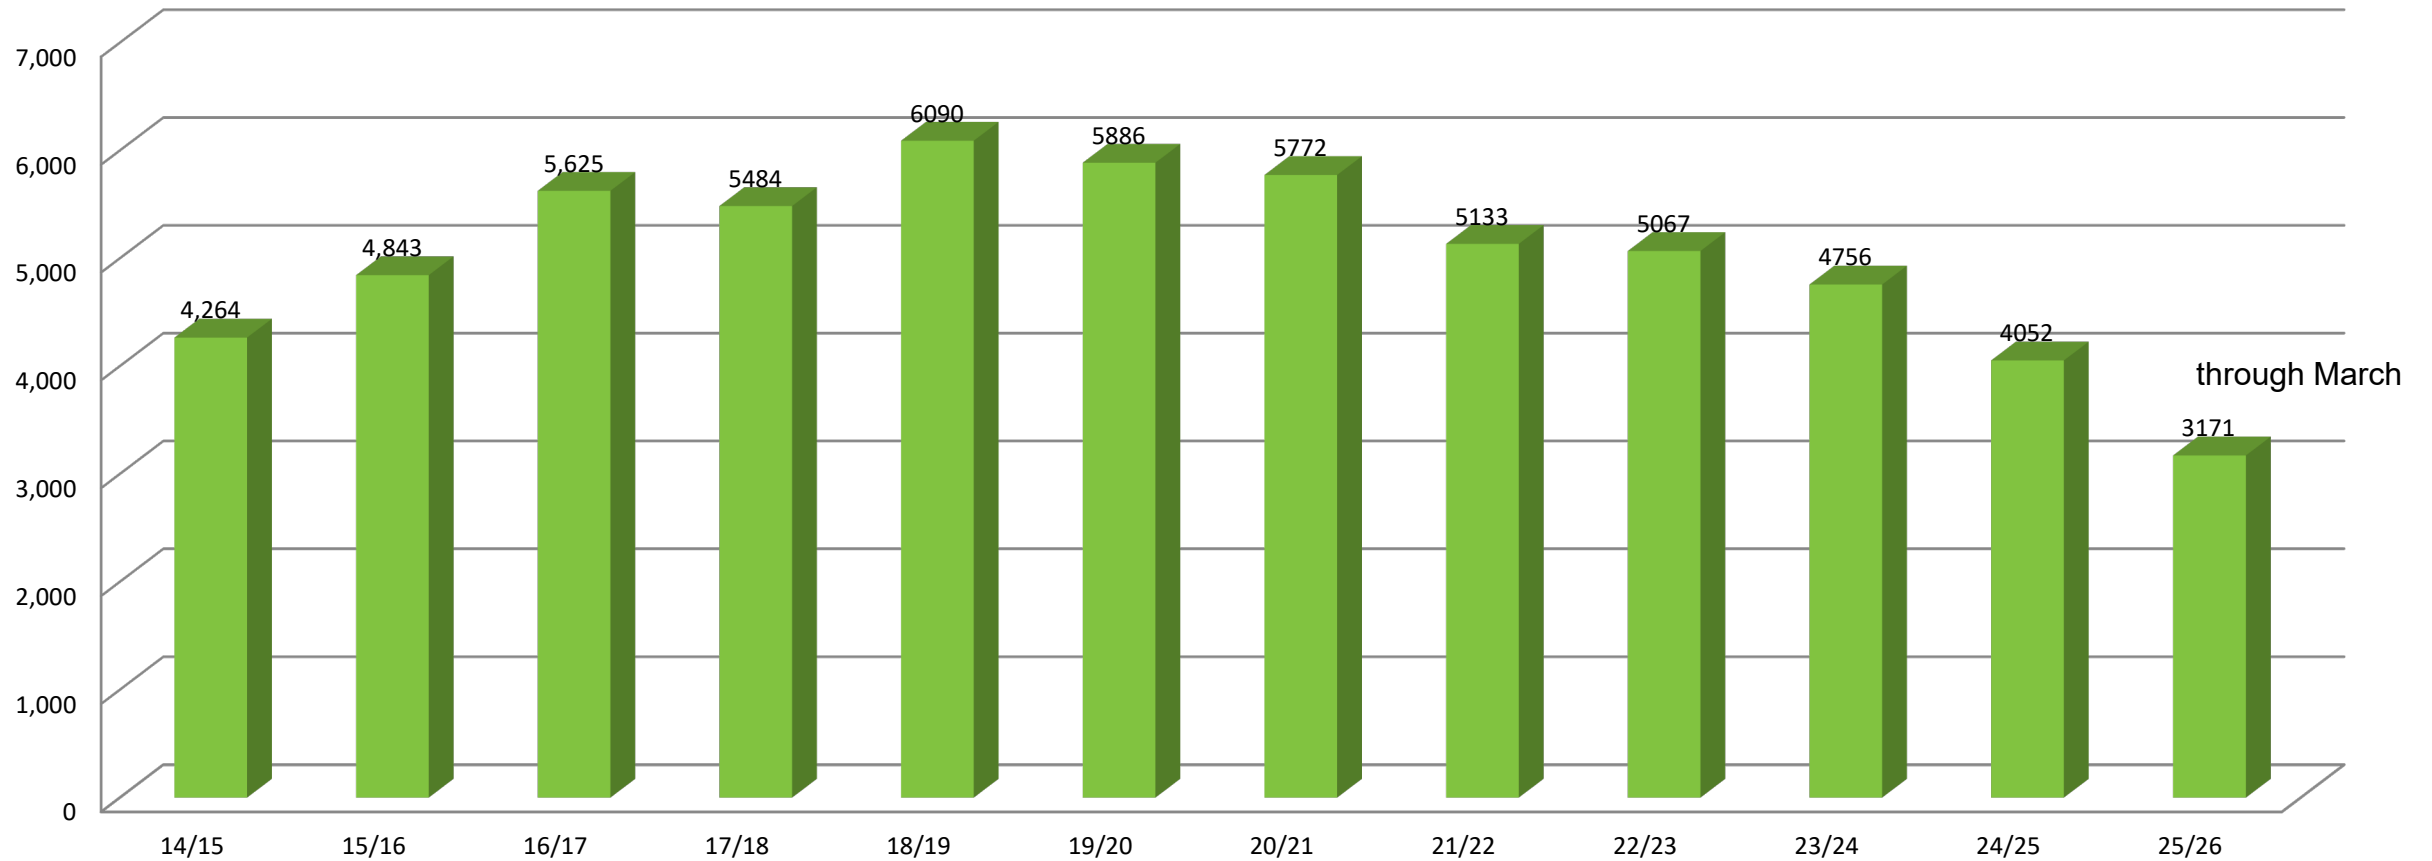

What we've been up to - other

- DDA III's

- One is Child Abuse / SART member / CAC Board
 - Coordinates with all local partners on the most important cases with vulnerable victims
- One is DVHRT/WCST member
 - Wholistic approach to addressing familial violence – coordinated solutions to a pervasive local problem with all stakeholders at the table

Death Investigations

ME “shall” investigate...

- Homicide/suicide/suspicious, overdoses, while in jail, accident/injury, disease,
- While not under care of a physician, and others.

Since April 1, 2023

- Full time Lead Medicolegal Death Investigator that allows us to *almost* consistently fulfill our obligations under ORS 146.090 (in addition to in house expert witness)
- Went from not meeting obligations to other Counties reaching out to see how/what we do.
- Caught several cases that needed extra attention / otherwise may have been overlooked (OD, exposure/neglect, etc.)

Death Investigations

As we continue towards completely satisfying our statutory obligations under ORS 146.090, we have learned that:

- Makes more sense to have a county car for our Lead MDI
 - Mileage is comparable to cost of vehicle
 - Personal vehicle at rural/sketchy scenes presents (and has) safety risk to MDI
- Ideally, a .5FTE assistant MDI to cover when Lead is out/unavailable would be much better than having DA do it (limited in what I can assist with)
- with the passing of Dr. Olson (irreplaceable), drastic changes to the ME side in Southern Oregon, and some counties are contracting with FNP to cover more “routine” death certificates

Victim's Assistance

- Victim Right's Packets
- Restitution requested on Victim's Behalf
- Restitution Collected by Court's Accounting (paid to Victims)
- Crime Overview
- Court accompaniment/notice/assistance/victim
- Facilitate Crime Victim Services Division
- *nearly self sufficient - .5FTE county obligation; rest is grant funding

Criminal Justice General Update

- Public Defender “Crisis”
 - Always cognizant of this because of:
 - *Betschart*
 - If no attorney appointed within 7 days, must release from jail
 - *Doesn’t matter how serious, how many FTAs previously
 - Not murder though
 - *Roberts*
 - Misdemeanors dismissed if more than 60 days without an attorney
 - Felonies dismissed if more than 90 days without an attorney
 - So far, only 2 of these for us (vs. approximately 1000 for Multnomah)

Criminal Justice and Efficiency

- Full staffing:
 - Currently at 8, one out for bar studying through August
 - Currently 7 in Office, which is one more than 2012, but with lot more appearances
 - Recruitment/retention?
 - All about salary – not within comparable counties currently
- Evidence Management
 - AXON Justice is an “all in one” data management tool that would save each attorney hours in redacting and reviewing digital discovery
 - Also save staff time in providing discovery and ensuring we have fulfilled constitutional discovery obligations
- Sustainable?
 - We understand we are only one leg of the CJ Stool – patrol, jail, us
 - Want to remain fully staffed, whatever that takes, while always maintaining sustainability

Recruitment/Retention—Ideal World

- Full staffing:
 - Have not been fully staffed in years – even with reduction in DDA positions (2018/19 – 10 DDAs; down to 8, supp for a 9th last summer but never filled)
- Why?
 - Appeared to be statewide issue recently
 - Legislature funds defense clinics in law schools
 - Consortium/contract defense attorneys make substantially more and work less
 - But no benefits, PERS, etc.
 - But, always been issue locally
 - Salary – currently DDA I is lower than Curry County
 - Outside of our Comps – Jackson County is not a “comp” but is competitor
- How to fix it?
 - Don’t know if can but increasing salaries would likely help.

Recruitment/Retention—Ideal World

- Comp Study started 2 years ago, but...VRP, chaos, etc.
- Finance Director Nelson finalized prior to departure
 - 10% increases to
 - DDA I, II, III, and CDDA
 - Make us competitive outside of the “big” Counties
 - Costs \$175,200 a year
- Only ever want to grow/increase if sustainable (not just with DA Office, but with other legs of the stool)
 - Finance confirmed sustainable

MDI – Ideal World

- Medicolegal Death Investigator
 - Currently 1 FTE and responding to *most* required scenes
 - She was going to all, but I requested triaging/prioritizing to avoid OT/mileage increases
- What happens when she's gone
 - Currently DA covers –
 - No specific training, not ideal, but have made it “work” since 2020/21
 - Problems occur when need external examinations/toxicology specimens pulled, which I have no training to perform.
 - Leads to delays for families dealing with tragedy
- Ideal
 - Additional .5FTE –
 - 20 hours a week (no benefits) to be “backup” allowing us to respond to all scenes
 - Full MDI duties when Lead MDI is out/vacation/sick
 - Cost – 68,500

Community Corrections Budget Goals

Goal 1

Improve Efficiency, Transparency, and Public Engagement

Complete a new screening tool in partnership with the Department of Corrections (DOC) by 12-31-26, with an anticipated workload reduction of approximately 30%.

Develop operational dashboards by 6-30-27 to support real-time, data-driven decision making, improve caseload management, and enhance transparency.

Goal 2

Ensure Long-Term Financial Sustainability of Core Services

Community Corrections will actively support statewide system-improvement efforts by participating in OACCD initiatives, including the Strategic Plan workgroup, the PSC-R recalibration workgroup, the OACCD Executive Committee, and the OACCD Legislative Sub-Committee, contributing to the development of a transparent, evidence-based funding model that reflects the operational realities of Oregon counties. Success will be measured by consistent attendance, completion of assigned tasks, and documented contributions to statewide planning and policy discussions, with all participation maintained throughout the 2027 fiscal year.

Goal 3

Strategic Investment in Public Safety and Community Infrastructure

Community Corrections will apply for, administer, and complete all required reporting for grants that fund positions at the Sheriff's Office and 2.5 Deputy District Attorney positions, ensuring 100% of eligible grant applications are submitted on time, all financial and programmatic reports are completed by their deadlines, and all grant requirements are fully met. This work will be supported through established grant management processes and collaboration with the Sheriff's Office and District Attorney's Office, with all tasks completed within each grant cycle to ensure continued funding for these essential public-safety positions.

Juvenile Justice Governing ORS

ORS 419C.001

Purposes of Juvenile Justice System in Delinquency Cases

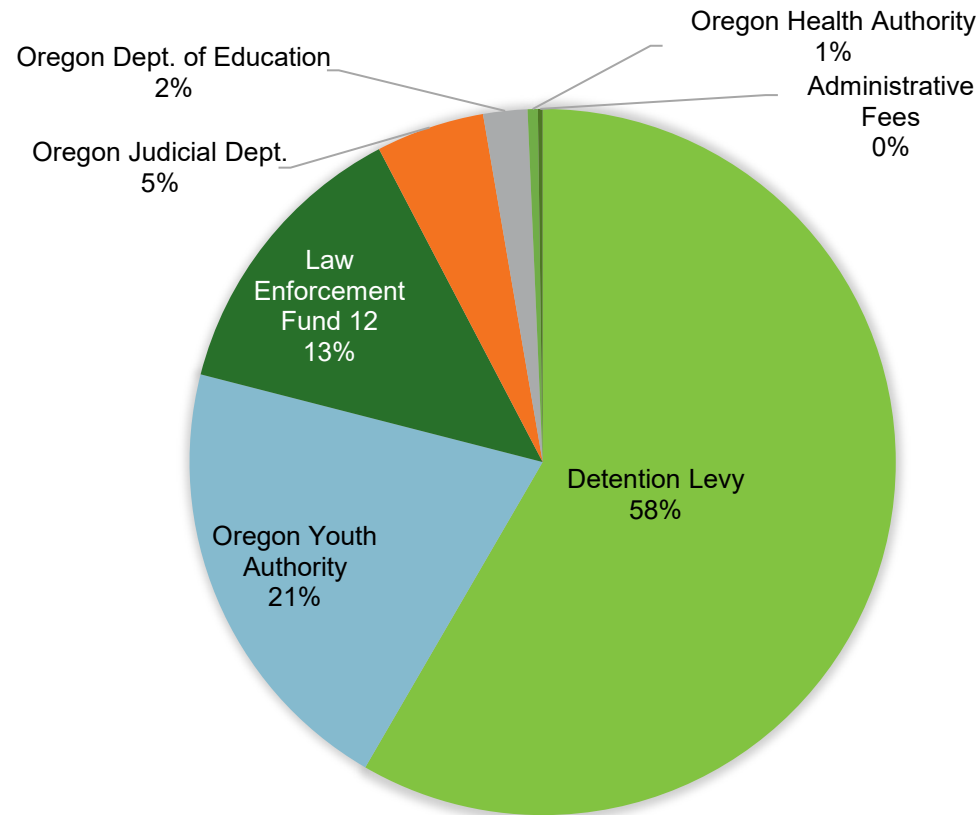

(1) The Legislative Assembly declares that in delinquency cases, the purposes of the Oregon juvenile justice system from apprehension forward are to protect the public and reduce juvenile delinquency and to provide fair and impartial procedures for the initiation, adjudication and disposition of allegations of delinquent conduct. The system is founded on the principles of personal responsibility, accountability and reformation within the context of public safety and restitution to the victims and to the community. The system shall provide a continuum of services that emphasize prevention of further criminal activity by the use of early and certain sanctions, reformation and rehabilitation programs and swift and decisive intervention in delinquent behavior. The system shall be open and accountable to the people of Oregon and their elected representatives.

Juvenile Court & Field Services

Oregon Revised Statutes: General Provisions and Definitions:

419A.018 – The Juvenile Department is a County Agency

419A.020 – The County is responsible for the expenses of the Juvenile Department

419A.012 – The Juvenile Department shall investigate every youth brought before the court, be present at hearings, and take custody as directed.

The Josephine County Juvenile Court and Field Services Program provides the following services:

Intake of all Law Enforcement Referrals * Informal Intervention * Diversion * Petition filed in Juvenile Court	Custody Services for youth who are pending Court or serving Probation Violation Sanctions
Juvenile Court Investigations	Probation Supervision
Risk/Needs Assessment and referrals	Formal Accountability Agreements
Courtroom Case Presentation	Counseling
Evidence Based Skill Building	Intervention Services such as Theft Classes, Fire Prevention and Risk Reduction.

Juvenile Court & Field Services Budget Goals

Goal 1

Improve Efficiency, Transparency, and Public Engagement

Throughout FY27, Juvenile Justice will ensure that 95% of youth on probation receive an initial Juvenile Crime Prevention Assessment by court disposition and will complete at least two community-based service projects to promote civic engagement and restorative justice, with progress verified through quarterly audits and project documentation by June 30, 2027.

By December 31, 2026, Josephine County will increase transparency by adding a direct link to the OYA Data and Evaluation Report on the county website, ensuring residents have easy access to local juvenile crime statistics and supporting community outreach and youth-accountability efforts.

Goal 2

Ensure Long-Term Financial Sustainability of Core Services

Throughout FY27, Juvenile Justice will reduce costs by maintaining all required Court and Field Services supervision levels despite a 20% staff reduction, prioritizing evidence-based practices for medium- and high-risk youth, and tracking compliance, caseload trends, and process improvements. The division will also use this data to justify the discretionary funding needed to safely and cost-effectively manage youth in the community.

Goal 3

Strategic Investment in Public Safety and Community Infrastructure

By June 30, 2027, Juvenile Justice will strengthen long-term public safety by increasing strategic investment in early-intervention services, ensuring that all youth referred to the division receive structured supervision, education support, behavioral-health services, and at least one evidence-based program aligned with their assessed needs. Progress will be measured through quarterly reviews of service engagement, documentation of evidence-based programming delivered, and demonstrated reductions in deeper system involvement among participating youth.

Juvenile Detention

14 Bed Facility

Pre-adjudicated youth, Parole/Probation Violations, Court Ordered, 30-Day Program, Intake Center

Juvenile detention plays a critical role within a balanced and effective juvenile justice system. As part of Josephine County's full continuum of services—which ranges from least restrictive community support to secure detention—detention serves as the system's most structured and protective environment. Its goal is to ensure community safety, support youth accountability, and provide immediate, stabilizing intervention during a young person's highest-risk moments.

Community Safety

- Secure facility for high-risk and court ordered youth
- Law Enforcement intake center for all detained youth

Youth Services

- Education and medical care on site
- Mental health and cognitive-behavioral programs

System Impact

- Immediate stabilization during crisis periods
- Support movement to the right program in the continuum of care

Juvenile Detention Budget Goals

Goal 1

Improve Efficiency, Transparency, and Public Engagement

By June 30, 2027, we will achieve the following:

At least 70% of youth entering custody will be enrolled in school within 36 hours of entry to ensure timely educational access and support operational efficiency.

All youth in custody will receive required medical and mental health screenings within 72 hours of entry, ensuring transparent and efficient delivery of essential care.

All youth in custody will receive their first judicial hearing within 36 hours of entry, supporting efficient operations and timely due process.

Goal 2

Ensure Long-Term Financial Sustainability of Core Services

Throughout FY 27, Josephine County will operate a secure 14-bed juvenile detention facility that meets all state standards while expanding contracts for unused beds, strengthening the 30-Day Extended Detention Program, and pursuing state and federal grants that support innovation, workforce development, and specialized services.

Goal 3

Strategic Investment in Public Safety and Community Infrastructure

Throughout FY27, Juvenile Justice will maintain operational capacity to safely house up to 14 youth in the detention facility at all times and ensure that every youth on supervision receives at least one evidence-based intervention aligned with their assessed needs. Performance will be measured by monthly verification of available bed capacity, documentation of all evidence-based services delivered, and tracking of youth supervision outcomes to ensure full compliance with service standards by June 30, 2027.

Juvenile Residential Treatment Program

Turning Point is a residential program operating under the Josephine County Juvenile Justice Department that serves youth ages 13-17 in need of residential treatment services. The program provides individualized service plans to youth requiring stabilization, assessment and treatment. The program provides an environment for youth that cannot presently live safely in the community as a Behavior Rehabilitation Services treatment program aimed at developing skills in multiple areas including personal responsibility, accountability, interpersonal effectiveness and communication.

Youth receive structured, 24-hour supervision with anticipated length of stay of up to 270 days. The aftercare goal is for the youth to transition to a permanent residence.

Oregon Youth Authority Reimbursement Rate is \$464.98 per day, per youth		
4 youth per day = \$678,870 per year	5 youth per day = \$848,588 per year	6 youth per day = \$1,018,306 per year
Proposed rate for 27/29 biennium is \$529.66 per youth per day		

Costs that the Residential Program offsets for Detention		
34% of three Lead GLC's Personnel Costs (\$114,600)	Youth health and mental health provider contracts (\$20,000)	Supplies & Services (\$10,000)

Juvenile Residential Treatment Services Budget Goals

Goal 1

Improve Efficiency, Transparency, and Public Engagement

We will post all DHS Restraints and Seclusion Reports for Turning Point youth on the Juvenile Justice webpage every quarter to support transparency and keep the public informed. We will also hold quarterly stakeholder meetings to review performance, improve quality, manage risks, and plan workforce development.

Staff training remains a priority for safety and retention. New hires will receive over 40 hours of training in their first month, and all staff will complete at least 25 hours each year. Most training will be done in-house to keep costs low.

Goal 2

Ensure Long-Term Financial Sustainability of Core Services

During FY27, Juvenile Justice will maintain all required accreditations and achieve at least 80% audit compliance to ensure continued revenue that offsets detention operating costs. The Turning Point Residential Program will sustain its BRS license and QRTP accreditation to generate stable fee-for-service revenue that reduces reliance on the General Fund and minimizes the need for out-of-county placements, with progress tracked through audit results, accreditation reviews, and quarterly revenue reports.

Goal 3

Strategic Investment in Public Safety and Community Infrastructure

Throughout FY 27 Turning Point Residential Program will maintain the capacity to accommodate eight residential placements at any given time.

By maintaining a high-quality local placement, the county can intervene with higher-risk youth while avoiding the higher costs and disruption of sending them elsewhere. This investment strengthens the juvenile justice system, supports safer neighborhoods, and reinforces long-term public safety.

Budget Goals

Goal 1

Improve Efficiency, Transparency, and Public Engagement

During FY 27 Community members can access Prevention and Treatment Services through the County website, which will be updated monthly with current mental health, treatment, and prevention resources. Information is also shared through social media, with outcomes tracked through website visits and online engagement.

During FY 27 the Prevention Team will review county data on substance use and problem gambling, including the State Student Wellness Survey, the Problem Gambling Assessment, and the Tobacco Assessment. Data and share it with AMPAC (Addictions, Mental and Public Health Advisory Committee). It will be used to guide workplans, with community input gathered through AMPAC participation, events, and surveys.

Goal 2

Ensure Long-Term Financial Sustainability of Core Services

All funds focus on balancing infrastructure needs within the program. Current programs have multi – year funding streams through state funds, and Opioid Settlement funds. Historical funding data aligns with current and ongoing funding levels. During FY 27 Prevention will ensure timely reporting for all grant and settlement funding streams.

Goal 3

Strategic Investment in Public Safety and Community Infrastructure

Community-enhancing programs and events are carried out by assessing community needs/wants and written into State workplans to ensure appropriate and sustainable funding. During FY 27 Prevention will ensure that workplans are updated and reflect current needs of the community.
