9:00 a.m. – Anne Basker Auditorium

600 N.W. Sixth Street, Grants Pass, OR 97526

Budget Committee: Ron Smith, Colene Martin, and Gary Richardson, Marc Kirby, Chris Collins and Dorothy Yetter; Nikole Guzman, Recorder

Budget Officer: Arthur O'Hare

1) Open Meeting – Gary Richardson, Budget Committee Chair

Commissioner Richardson opened the meeting at 9:00 a.m.

2) Declaration of Potential Conflicts of Interest

Budget Committee members reviewed the agenda and declared no potential conflicts of interest related to matters on the agenda.

3) Department Presentations:

a. Public Health – Janet Fredrickson Exhibit 1 PowerPoint Presentation

Janet Fredrickson, Public Health Administrator and Project Manager Michael DeRosset presented the proposed Public Health budget and provided an overview of the department's diverse programs and services. Fredrickson reviewed responsibilities including Environmental Health, Communicable Disease, Clinical Services, Reproductive Health, Immunizations, WIC, Vital Records, Animal Shelter oversight, Jail Medical Services, Air Quality, Public Health Emergency Preparedness, and newly returned Solid Waste responsibilities.

Discussion focused on staffing challenges experienced during the previous year, including the loss of multiple positions and the department's efforts to maintain services despite reduced staffing levels. Fredrickson highlighted ongoing outreach efforts, communicable disease prevention, public health education, environmental health inspections, vaccination programs, and increasing demand for services throughout Josephine County. Discussion also occurred regarding the Public Health Emergency Preparedness Coordinator position, grant-funded programs, telehealth initiatives, WIC services, and future operational goals. Committee members discussed staffing needs, solid waste enforcement responsibilities, grant opportunities, and long-term sustainability of public health services. – **Exhibit 1 PowerPoint Presentation**

b. Animal Shelter- Laura Jansen Presentation

Laura Jansen, Animal Shelter Manager, presented the proposed Animal Shelter budget and reviewed shelter operations, animal control services, and public health responsibilities associated with animal welfare and rabies prevention. Jansen explained that the shelter provides care for animals impounded through law enforcement actions, animal control investigations, neglect and abuse cases, dangerous animal proceedings, quarantine requirements, and owner surrenders. The shelter additionally provides adoption and reunification services intended to safely return animals to their owners or place them into appropriate homes. Discussions occurred regarding rabies prevention, dangerous dog investigations, animal licensing, public safety concerns, shelter capacity, veterinary care, and efforts to reduce pet overpopulation. Committee members discussed operational demands, adoption services, animal control responsibilities, and the shelter's role in supporting both public safety and public health objectives throughout Josephine County – **Exhibit 2 PowerPoint Presentation**

4) Budget Officer answers questions/provides requested information

Budget Officer Arthur O'Hare responded to questions raised throughout departmental presentations and provided clarification regarding staffing allocations, grant funding, internal service fund charges, reserve accounts, operational expenditures, and long-term budget planning considerations. Discussion occurred

regarding future funding sustainability, departmental staffing requests, and fiscal impacts associated with proposed budget amendments.

5) Public Comment *(limit of three minutes each)*

Josephine County Public Health Department

BUDGET
PRESENTATION

2026/2027

Josephine County Public Health

Every single resident, whether they know it or not, benefits every day, because of the work we do at Public Health.

Josephine County Public Health is a very large and diverse department. We have 8 programs, and some of those programs have programs! The 8 include the Public Health Clinic, WIC, Environmental Health, Vital Records, Animal Shelter, County Jail Clinic, Solid Waste, and PHEP (Public Health Emergency Preparedness). *PHEP is “coming soon”.

We are committed to serving our community by promoting health, preventing disease, protecting the environment (water, fire, smoke), and supporting the well-being of the people and animals that live and work in Josephine County.

We work collaboratively to understand community needs, provide essential services, and help create a healthier, safer Josephine County for everyone.

The 4 P's of public health are a foundational framework used to describe the core functions and actions of public health initiatives. They stand for **Prevention, Protection, Promotion, and Planning**.

Public Health Clinic - Overview

Backbone of Preventative Care and Community Wellness

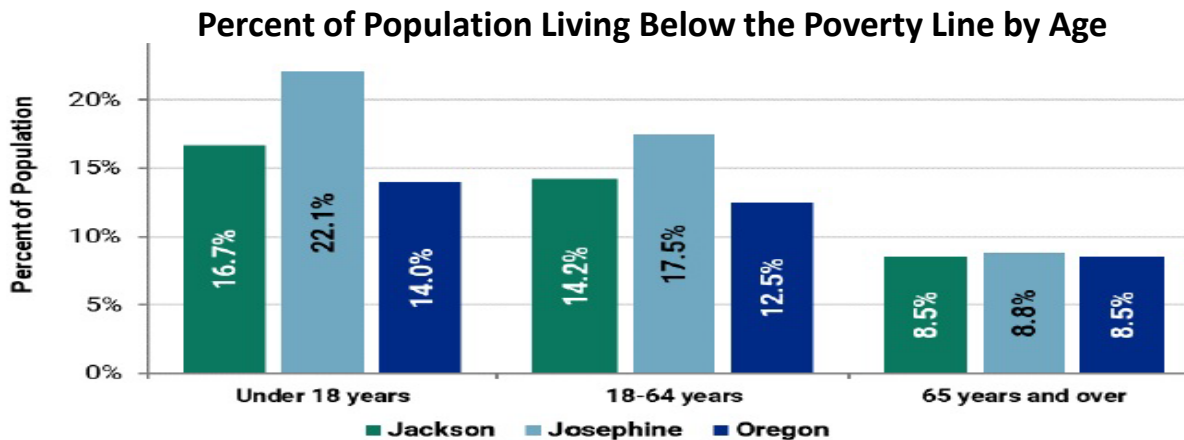

- **Disease Investigation & Treatment**
 - Counseling and testing for sexually transmitted infections (STI's)
 - Provides direct observation therapy for all patients positive for active Tuberculosis (TB).
- **Vaccinations & Immunizations**
 - Immunizations protect you, your family and your community
 - The JCPH clinic performs an average of 1664 vaccinations per year
- **Outreach to Underserved Populations**
 - **Josephine** community members had much lower household median incomes and a higher percentage that were living in poverty than the state

JCPH created a new texting platform in 2026 for booking clinical appointments and asking general questions. 2026-2027 plans include adding a Telehealth option for those in need of healthcare but have limited transportation or disabilities.

Reproductive Health

- **Confidential Services**
 - The Reproductive Health program provides full confidential access to reproductive services
 - Contraceptive services and supplies for women
- **Family Planning support**
 - Creates benefits in areas such and women's health, access to sexual education and improvements in maternal and child health
- **Promoting reproductive well-being**
 - Providing accurate and reassuring information to women and couples about family planning

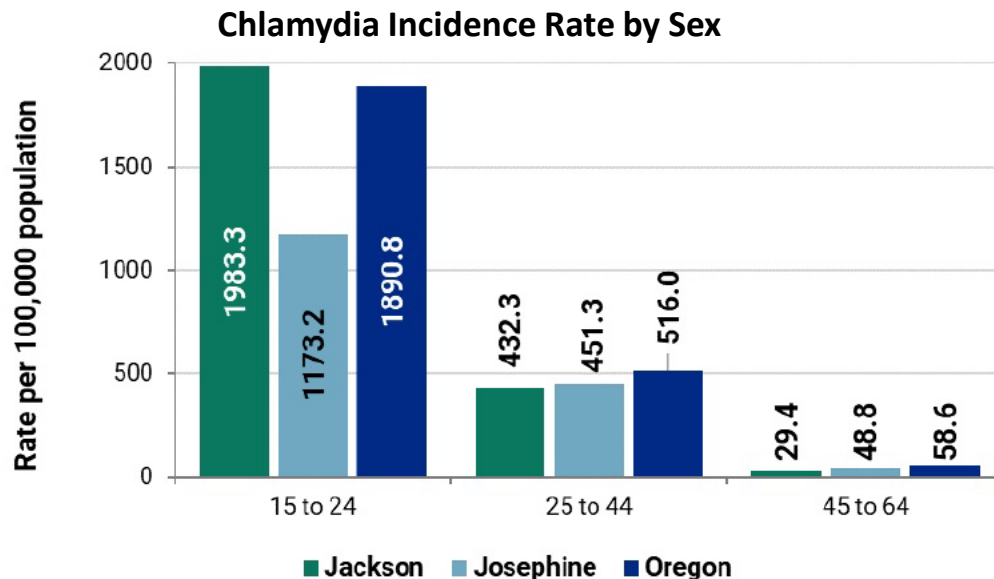

Reproductive Health goals for 2027 include the addition of a dietician to help families and individuals in need.

Communicable Disease

Three principles of communicable disease control

- Prevention – provision of basic health care, food, water and sanitation
- Surveillance – monitor disease trends and detect outbreaks
- Outbreak control – control outbreaks of disease

The JCPH Clinic created educational Sti booklets that were distributed to K-12 schools, clinics, community-based organizations and private practices throughout Josephine county in 2025.

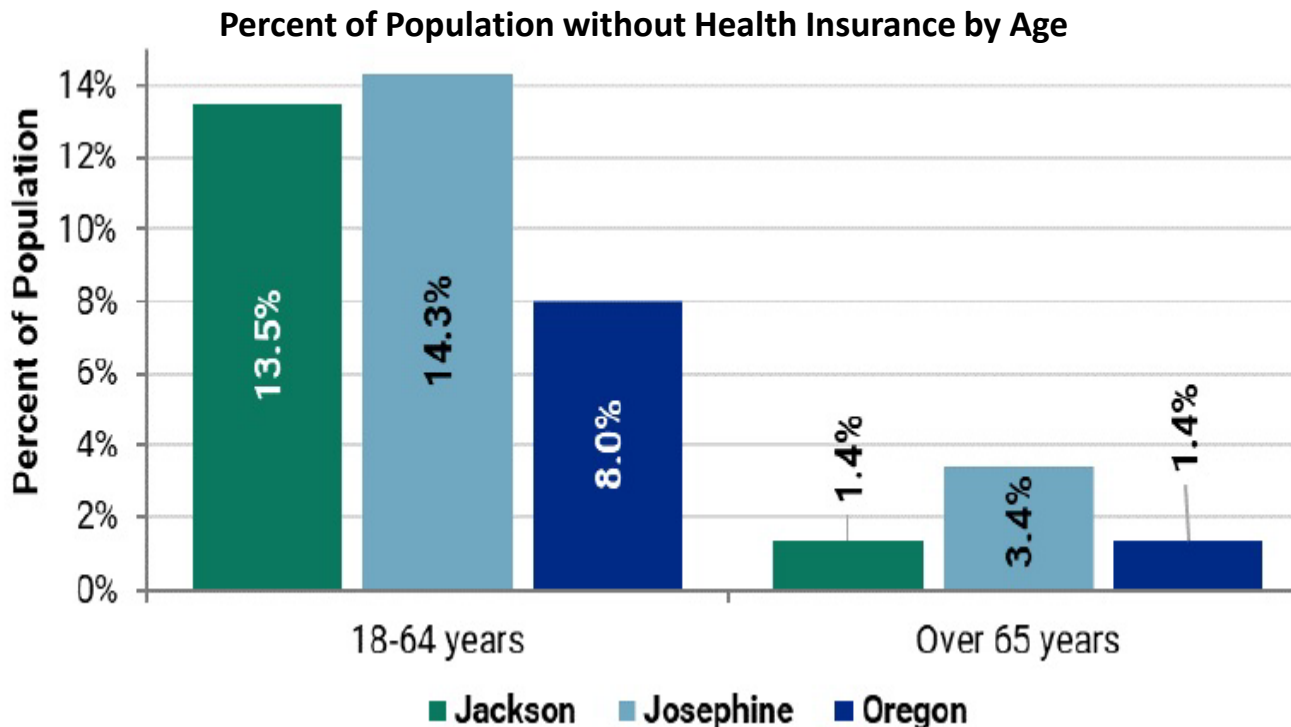

- Younger age groups, specifically those aged **15 to 24**, had a higher incidence of chlamydia compared to older adults.

Outreach Services

Outreach to Underserved Populations

- Increases access to care
- Targets individuals and families without regular care
- Reduces healthcare gaps across the country

JCPH partnered with Jackson county to conduct a public Health Fair with multiple healthcare and insurance providers in attendance. JCPH conducted 3 Falls Prevention classes for the elderly in conjunction with Siskiyou Health and Options of Southern Oregon.

Vaccinations & Immunizations

Public Health Services

- **Essential vaccines, including travel and immunizations for all ages**
 - Currently JCPH is the only clinic in the county that offers travel vaccinations
- **School exclusions for Josephine and Curry counties**
 - JCPH mails an average of 887 school exclusion letters to parents of school aged children annually
- **Vaccine clinics and education**
 - JCPH clinic performs two vaccine clinics per year and provides printed information on vaccines in multiple languages to patients and providers throughout the county

Vulnerable populations, such as the very young, the elderly, and individuals with compromised immune systems, are at greater risk of severe illness or even death when exposed to vaccine-preventable diseases. Immunization programs play a crucial role in safeguarding the health and well-being of communities by reducing the incidence of these diseases, protecting those who cannot be vaccinated, and promoting overall community health. Communication options such as the texting platform and Telehealth options will increase the number of both services.

Environmental Health

Protecting Where We Eat, Stay and Play

- **Licensing Facilities**

- Restaurants, hotels, pools, spas, RV parks, camps, schools and daycares

- **Routine Inspections**

- All facilities are inspected twice per year
- # of License Food Service Facilities – 310
- # of inspections required per year – 750
- # of facilities requiring plan reviews – 7
- # of temporary food licenses issued – 40

- **Drinking Water Safety**

- Oversight of 178 public water systems in Josephine County
- Reports directly to the state and follows up on any anomalies

- **Air Quality Monitoring**

- **Josephine** had **67%** days of the year 2024 that had good AQI
- Public education of safe burning practices
- Operation of Josephine County Burn line and updates to JoCo website

Vital Records

Vital statistics are quantitative information about a population's "vital events"

- Births (natality)
- Deaths (mortality)

In FY 2023-24 Josephine County Vital Records Department issued 597 Birth Certificates and 3248 Death Certificates at the counter.

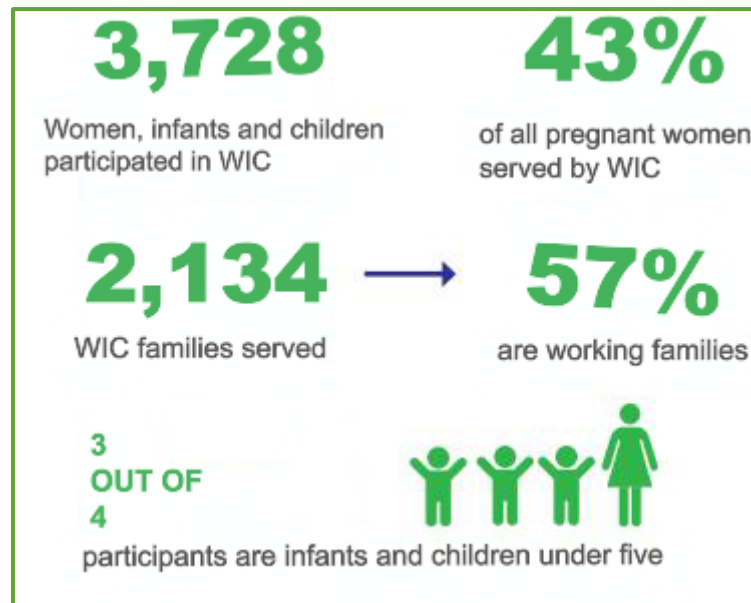

An additional 678 Death Certificates were issued at the request of Chapel of The Valley and 1756 were issued for Stephens Family Chapel.

Vital records added a texting option in 2026 that provided residents with another communication option to ask questions prior to visiting Public Health.

WIC Program - Overview

More Than Healthy Food Access

- Personalized nutrition counseling
- Breastfeeding support
- Healthy Foods
- Health screenings and referrals
- Farm Direct Nutritional Program gets participants access to locally grown produce

WIC Program Impact

Economic & Community Impact

- **\$2 million spent by WIC participants in Josephine County**
- **Nutritional support for families**
 - Improves health of mothers and children under 5 y/o
 - \$14,404 FDNP dollars paid to local farmers in 2025
- **Serving Josephine and Curry counties**

ECONOMIC BENEFITS OF WIC

13 LOCAL STORES ACCEPTING WIC:

- . 4 Independent store
- . 5 Local or regional chains
- . 3 National chain stores
- . 1 Pharmacies

\$2,064,307

Total WIC dollars spent
by participants
at local stores

ALL STORES THAT ACCEPT WIC MUST CARRY:

BUDGET GOAL 1 – Improve Efficiency, Transparency & Public Engagement

Strengthen internal teamwork through cross-training.

We've introduced a texting platform that works for multiple programs.

Clearer communication across our department and other county departments.

Increase visibility with the public by expanding outreach efforts.

Maintaining a more consistent social media presence.

We are constantly looking for ways to improve our internal processes to ensure public health services are delivered efficiently, effectively, and reach the people who need to access it.

BUDGET GOAL 2 – Ensure Long-Term Financial Sustainability of Core Services

Maintain responsible budgeting practices while continuing to look for additional funding opportunities to support all public health programs.

Vigorously support the addition of a grant writer position to help identify and pursue available state, federal, and other funding sources.

Increase clinic patients through the new texting platform, outreach events and collaboration with Jackson, Douglas and Coos Counties.

Hire a Grant Writer.

Have an OHP Assister in house.

BUDGET GOAL 3 – Strategic Investment in Public Safety and Community Infrastructure

We support investments that improve service delivery to our residents, maintain county facilities and infrastructure, and strengthen and grow partnerships that benefit community health and public safety.

We support improvements and updates to old facilities and aging equipment that are needed to provide services effectively.

Public Health directly supports the Sheriff's office by providing excellent medical care at the County Jail.

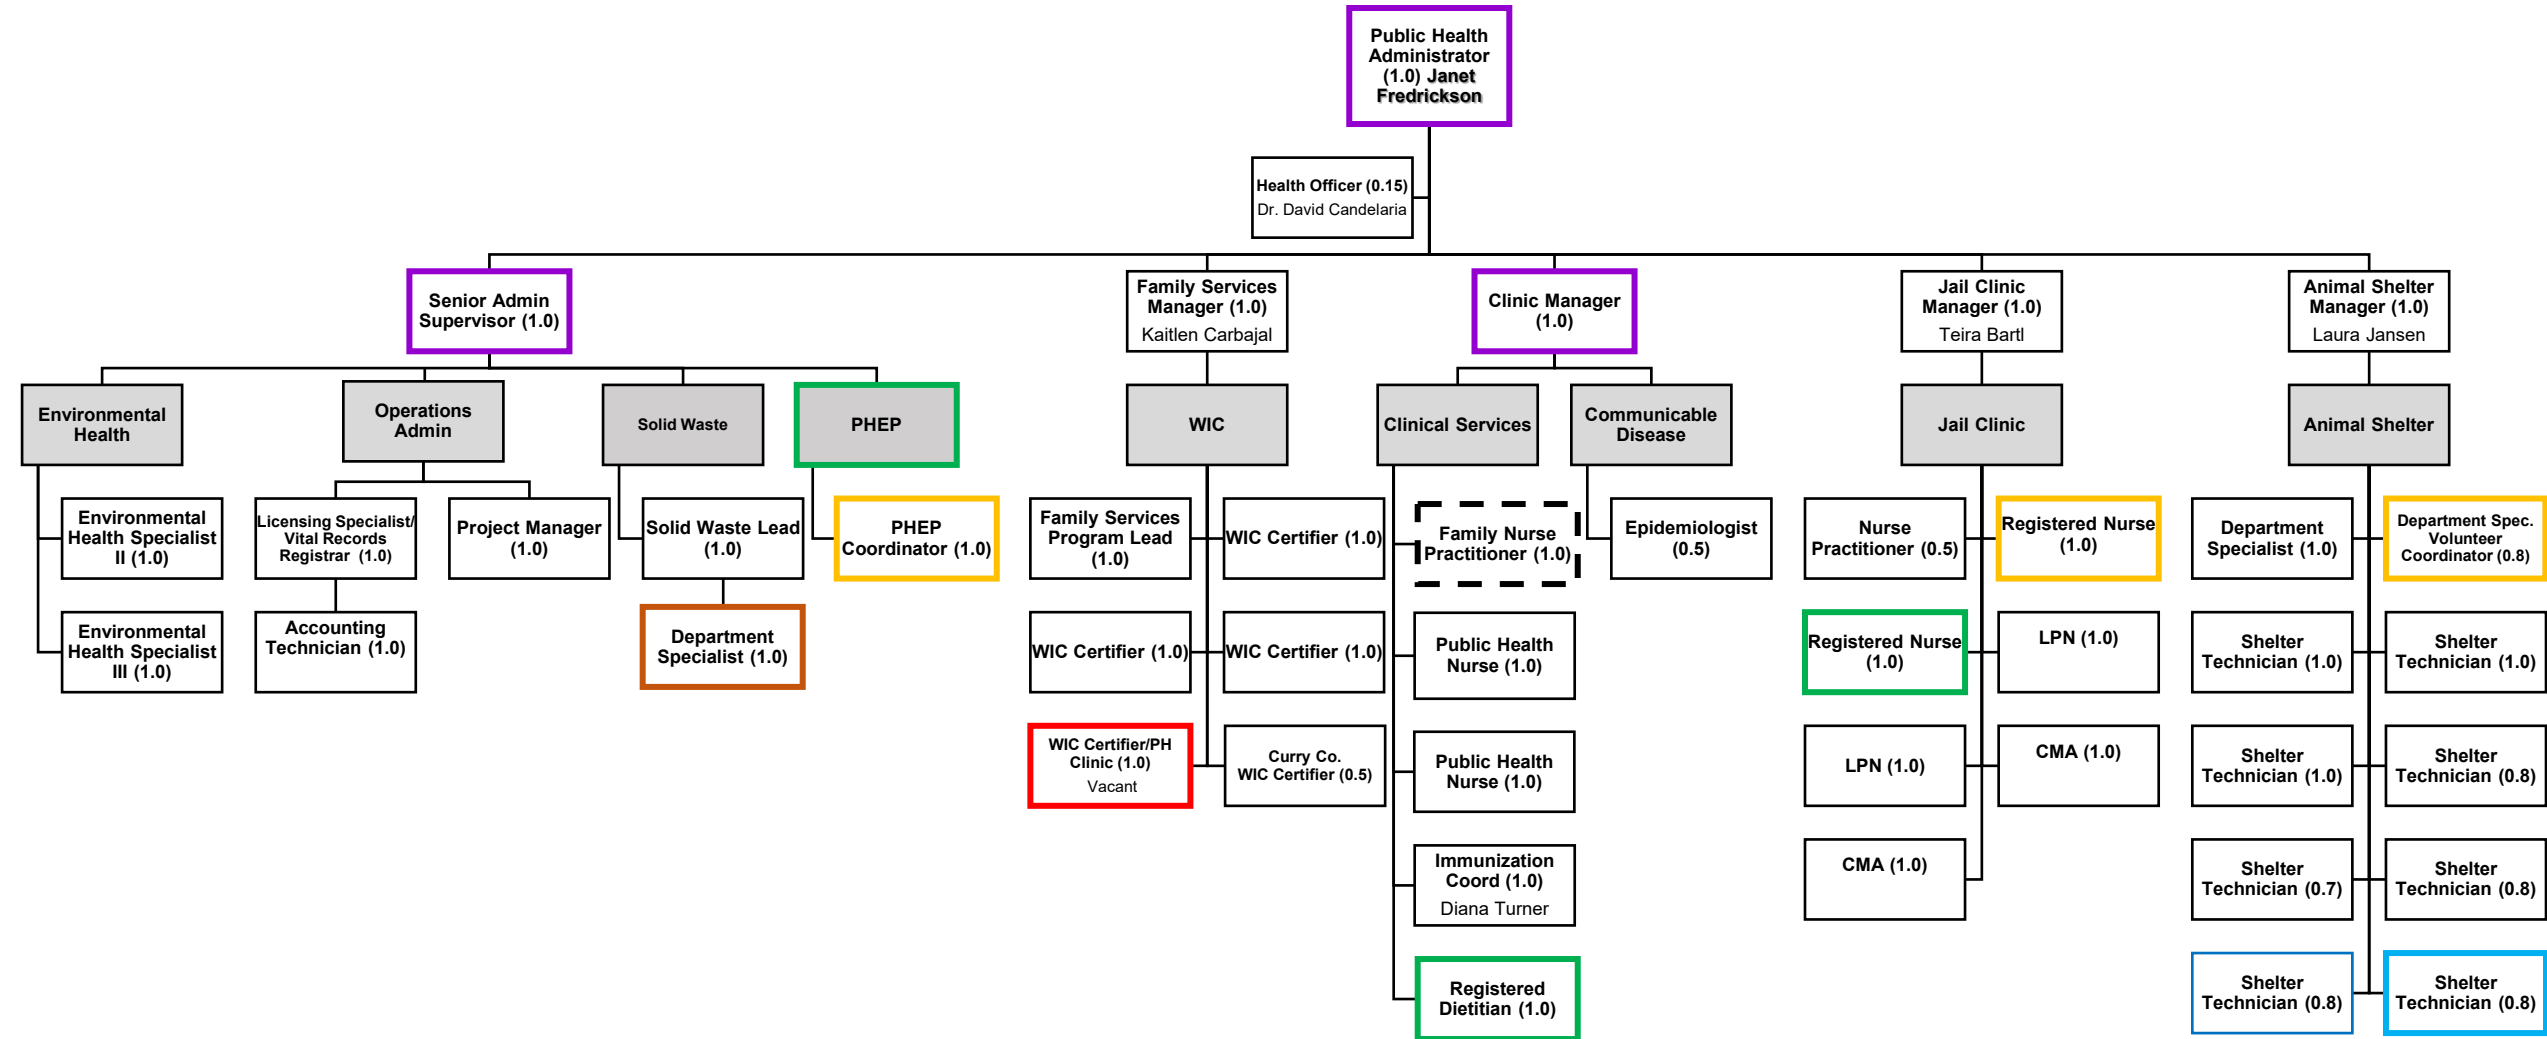

Every single resident, whether they know it or not, benefits every day, because of the work we do at Public Health.

Proposed budget, FY27

Oregon State
University

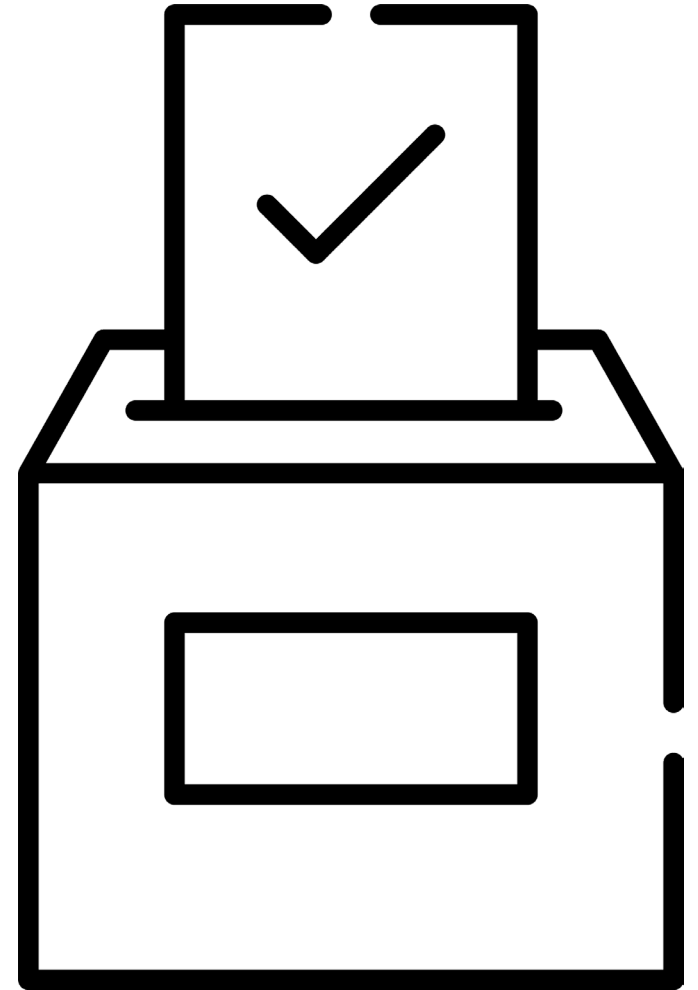

JOSEPHINE COUNTY 4-H/EXTENSION SERVICE DISTRICT

“The purpose of the district is to provide and fund 4-H youth, agriculture, home economics, forestry, community development and energy programs to the citizens of this county.”

Order 96-73, Dec. 1996

“Money to operate the OSU Extension Service comes from three sources: federal, state and county government. This district tax levy would pay for expenses associated with the county office, such as clerical wages, office space and maintenance, travel and office supplies. State and federal funds cover the costs of county agents and campus specialists.”

Ballot Measure 17.58, Nov. 1996

4-H/EXTENSION SERVICE DISTRICT

- General Fund (Fund 80) and Building Reserve fund (Fund 81)
- Intergovernmental service agreement provides for:
 - Service district funds to support office space, local program support and office staff, supplies and travel.
 - OSU to assign and fund faculty to serve Josephine County and provide central services to support county operations and program delivery.
 - County to reimburse OSU quarterly for actual expenses based on approved budget.
